## Changes in Bus Transfers

If the bus you ride uses TAP and you transfer from one transit agency to another, paper passes will no longer be issued. This means you must have a TAP card loaded with Stored Value.

Pay with TAP when you board, then tap again when you transfer. Your fare will be deducted automatically from Stored Value on your card, and your transfer will be valid for 2.5 hours from the first trip of your journey.

To learn more, visit [taptogo.net/transfersontap](http://taptogo.net/transfersontap) or your local transit agency.

## No More Day Pass Sales on the Bus

Day Passes will no longer be sold on Metro buses starting July 15. Instead, if buying your fare on the bus, you'll need to add Stored Value to your TAP card and then tap to pay on a per-ride basis.

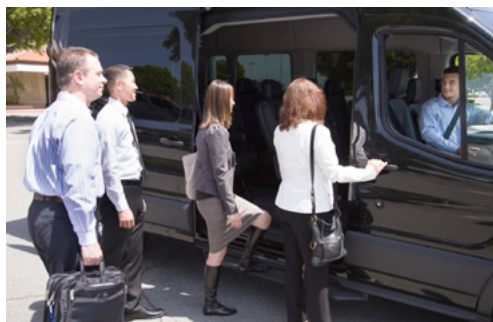

Simply board at the front of the bus and tell the operator that you would like to add Stored Value to your TAP card (up to \$20, cash only, change not provided). TAP cards available for purchase on buses for \$2.
