## INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners  
Ventura County Transportation Commission  
Ventura, California

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the State of Good Repair ("SGR") fund ("SGR Fund") of the City of Moorpark, California, (the "City") as of and for the years ended June 30, 2020 and 2019, and the related notes to the financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Board of Commissioners  
Ventura County Transportation Commission  
Ventura, California

### ***Emphasis of Matter***

As discussed in Note 1, the financial statements present only the SGR Fund of the City and do not purport to, and do not, present fairly the financial position of the City as of June 30, 2020 and 2019, the changes in financial position, or, where applicable, its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the SGR Fund of the City as of June 30, 2020 and 2019, and the changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matters***

Our audit was conducted for the purpose of forming opinions on the financial statements of the SGR Fund of the City. The *Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual* and the *Schedule of Status of Funds by Project* listed as supplemental data in the table of contents is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules are fairly stated, in all material respects in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2020 on our consideration of the City's internal control over financial reporting for the SGR Fund and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

## CITY OF MOORPARK

### FINANCIAL STATEMENTS

FISCAL YEARS ENDED JUNE 30, 2020 AND 2019

---

#### **Note 1: General Information**

The financial statements are intended to reflect the financial position and changes in financial position for the State of Good Repair Fund ("SGR Fund") of the City of Moorpark, California ("City") only.

Pursuant to Public Utilities Code Section 99312.1, State of Good Repair Program Funding is distributed to eligible agencies for the purpose of eligible transit maintenance, rehabilitation, and capital projects. Funding for this program was authorized by the Ventura County Transportation Commission ("VCTC").

#### **Note 2: Summary of Significant Accounting Policies**

##### **a. Fund Accounting**

The accounts of the City are organized on the basis of funds and account groups. A fund is defined as an independent fiscal and accounting entity wherein operations of each fund are accounted for in a separate set of self-balancing accounts that record resources, related liabilities, obligations, reserves, and equity segregated for the purpose of carrying out specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The City accounts for the activity of the State of Good Repair funds in a Special Revenue Fund. Special Revenue Funds are used to account for and report on a particular source of revenue.

##### **b. Measurement Focus and Basis of Accounting**

Special Revenue Funds are accounted for using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, revenues are available if they are collected within 60 days of the end of the fiscal period. Expenditures are generally recorded when a liability is incurred.

##### **c. Revenue Recognition**

Recognition of revenues arising from nonexchange transactions, which include revenues from taxes, certain grants and contributions, is based on the primary characteristic from which the revenues are received by the City. For the City, funds received under the State of Good Repair funding possess the characteristic of a voluntary nonexchange transaction similar to a grant. Such revenues are recognized in the period when all eligibility requirements have been met.

A deferred inflow of resources arises when potential revenues do not meet both the measurable and availability criteria for recognition in the current period. Deferred inflows of resources also arise when the City receives resources before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualified expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the City has a legal claim to the resources, the liability for deferred inflow of resources is removed from the balance sheet, and revenue is recognized.

**FINANCIAL STATEMENTS (CONTINUED)**  
**FISCAL YEARS ENDED JUNE 30, 2020 AND 2019**

---

**Note 2: Summary of Significant Accounting Policies (Continued)**

**d. Fund Equity**

The components of the fund balances of governmental funds reflect the component classifications described below.

- *Non-spendable Fund Balance* – this includes amounts that cannot be spent because they are either (a) not in spendable form, or (b) legally or contractually required to be maintained intact.
- *Restricted Fund Balance* – this includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
- *Committed Fund Balance* – this includes amounts that can be used only for the specific purposes determined by a formal action of the City Council.
- *Assigned Fund Balance* – this includes amounts that are intended to be used by the City for specific purposes, but do not meet the criteria to be classified as restricted or committed.
- *Unassigned Fund Balance* – this includes any deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

It is the City's policy that restricted resources will be applied first, followed by (in order of application) committed, assigned, and unassigned resources, in the absence of a formal policy adopted by the City Council.

**e. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Note 3: Cash and Investments**

The City has pooled its cash and investments in order to achieve a higher return on investments while facilitating management of cash. The balance in the pool account is available to meet current operating requirements. Cash in excess of current requirements is invested in various interest-bearing accounts and other investments for varying terms. The SGR Fund's cash and investments as of June 30, 2020 and 2019 were \$6,230 and \$2,151, respectively.

The SGR Fund's cash is deposited in the City's internal investment pool, which is reported at fair value. Interest income is allocated on the basis of average cash balances. Investment policies and associated risk factors applicable to the SGR Fund are those of the City and are included in the City's basic financial statements.

See the City's basic financial statements for disclosures related to cash and investments including those disclosures relating to interest rate risk, credit rate risk, custodial credit risk, and concentration risk.

**CITY OF MOORPARK**

**FINANCIAL STATEMENTS (CONTINUED)**  
**FISCAL YEARS ENDED JUNE 30, 2020 AND 2019**

---

**Note 4: Restrictions**

Funds received pursuant to California Public Utilities Code §99214 may only be used for transit capital projects or service to maintain or repair a transit operator's existing transit vehicle fleet or exiting transit facilities; for the design, acquisition, and construction of new vehicles or facilities that improve existing transit services; and for transit services that complement local efforts for repair and improvements of local transportation infrastructure.

**Note 5: Contingencies**

See the City's basic financial statements for disclosures related to contingencies including those relating to various legal actions, administrative proceedings, or claims in the ordinary course of operations.

**Note 6: Budgetary Data**

The City adopts an annual budget on a basis consistent with accounting principles generally accepted in the United States of America and utilizes an encumbrance system as a management control technique to assist in controlling expenditures and enforcing revenue provisions. Under this system, the current year expenditures are charged against appropriations. Accordingly, actual revenues and expenditures can be compared with related budget amounts without any significant reconciling items.

Notes:

The City did not receive SGR funds in FY 2017/18.

FY 18/19 SGR Principle received was \$3,625.51; however, payment of \$906.38 from draw#63 and \$604.25 from draw#69 came too late and was recorded as FY 19/20 Revenue;

FY 19/20 audit revenue statements show revenue of \$3,835.22 includes \$1,510.63 from FY 18/19 SGR.

VCTC interest (\$17.34).

\$233.08 of FY 19/20 interest received is split proportionally to 18/19 and 19/20 based on principle. 61% (or \$139.85 to 18/19) and 39% (or \$93.23 to 19/20).

\$37 of FY 18/19 City interest.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Commissioners  
Ventura County Transportation Commission  
Ventura, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the State of Good Repair ("SGR") fund ("SGR Fund") of the City of Moorpark, California (the "City"), as of and for the years ended June 30, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the City's SGR Fund's basic financial statements, and have issued our report thereon dated December 18, 2020.

#### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the SGR Fund financial statements of the City are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To the Board of Commissioners  
Ventura County Transportation Commission  
Ventura, California

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
