The GRH program is designed to help ridesharing employees in case of emergencies. It is sponsored by VCTC, in partnership with the Ventura County Air Pollution Control District and local employers.

Ridesharing reduces single-occupant vehicle trips, reduces traffic and improves air quality in Ventura County.

Guaranteed Ride Home (GRH) Program

WHEN CAN I USE IT?

Registered employees can receive a free ride from a taxi, transportation network company (TNC), such as Uber or Lyft, and public transit up to six times per calendar year, when the following emergencies happen:

- You become ill, have a childcare emergency, or experience a severe crisis for yourself or a family member
- You have an unexpected request by a supervisor to work past your regular work-end time*
*Unexpected means not knowing about the request before arriving at work that day.
- You're stranded at work because your carpool/vanpool driver had to leave due to an emergency
- Natural disasters
- In case of a carpool/mechanical breakdown (twice a year)
- Public transit delays of an hour or more or unscheduled cancellations (twice a year)

WHEN CAN'T I USE IT?

GRH isn't offered on days the employee didn't use rideshare to get to work. It's also not offered for transportation to work, personal vehicle getting towed or impounded, personal errands, pre-planned appointments, business-related travel, working late absent a supervisor's request, or non-emergency "side" trips. You'll be required to pay the full cost of any trip that isn't eligible.
