

CREATING A CONNECTED, RESILIENT AND EQUITABLE TRANSPORTATION FUTURE FOR ALL

► What is the Ventura County Comprehensive Transportation Plan?

The Ventura County Comprehensive Transportation Plan (CTP) is the long-range planning document prepared by the Ventura County Transportation Commission (VCTC) that plans for the future of transportation in the county over the next 30 years. The CTP analyzes data, community priorities, and local transportation solutions while also placing a special emphasis on inclusion of disadvantaged and underserved communities to create a more equitable transportation future for all.

What is the purpose of the Plan?

The Plan:

- Identifies future transportation needs, priorities, and funding
- Identifies strategies to reduce emissions and improve air quality
- Enhances equitable access to mobility options
- Establishes a vision for mobility in Ventura County for the next 30 years

How will the Plan be used to improve Ventura County?

The Plan:

- Contains strategies to improve all modes of transportation
- Prioritizes future investments/projects based on community priorities
- Highlights opportunities to implement recommendations

What's the project location and scope?

The Plan includes all transportation modes throughout Ventura County, including unincorporated areas and the 10 incorporated cities, and analyzes needs for walking, biking, transit, rail, freight, airports and more.

How can I provide comments on the plan?

Public comments on the Plan can be submitted to VCTC via email CTPupdate@goventura.org or on the VCTC website www.goventura.org/ctp.

HOW YOU CAN PARTICIPATE

► We are here to listen

As a resident of Ventura County, your local knowledge and experience are vital to the planning process, and we are here to listen and learn from you.

You have shared some critical feedback around what works and does not work in terms of moving around the county and your community. We've heard about:

- Where resources can be directed to improve safety while walking and biking in the community.
- Where improved transit service would be the most meaningful.
- Where congestion can be improved during your commute.

Now, you have the opportunity to review and comment on the Plan:

- What projects and strategies do you like?
- How should we prioritize the projects and strategies identified in the Plan?
- Is there anything missing that would help make moving around Ventura County better?

What is the Plan Review Timeline?

How else can I provide comments?

We have an online comment form available where you can provide your comments on the Plan.

You can review the plan here:

<https://www.goventura.org/ctp>

You can provide your comments here:

CTPupdate@goventura.org

If you have any questions or comments, please contact:
