APPENDICES101

GENERAL PREQUALIFICATION PROCESS AND REQUIREMENTS

GENERAL INFORMATION

- This REQUEST FOR QUALIFICATIONS ("RFQ") from the Owner named below invites the submittal of a Statement of Qualifications ("SOQ") from firms interested in providing design-build services for the project described below. By submitting an SOQ, the Proposer represents that it has carefully read the terms and conditions of this RFQ, and all attachments and addenda, and agrees to be bound by them. This RFQ is not an offer to enter into a contract, but merely a solicitation of persons interested in submitting a Proposal to the Owner for the Project. Hereafter "Ventura County Transportation Commission", "VCTC", "Commission" or "Owner" are terms used interchangeably.
-
- Project: Transit Stops-Stations Needs Assessment and Infrastructure Improvements
- Location: Ventura County, California
- Owner: Ventura County Transportation Commission

PROCUREMENT METHOD

For this Project, the Owner is utilizing a Best Value Design-Build procurement process whereby the Owner will establish a stipulated sum for the Design-Build Agreement, currently estimated to be approximately \$1.5 million dollars. The RFP will contain suggested enhancements as well as a list of Owner approved deductive measures in order to assist the DBE in obtaining best value for the stipulated sum.

DEFINITIONS

The following "terms" are used throughout this RFQ and are defined as follows:

- "Best Value" means the value determined by objective criteria that may include, but not be limited to, price, features, functions, life cycle costs, experience, and other criteria deemed appropriate by the Owner and their management team.
- "Design-Build" means a project delivery process in which both the design and construction of a project are selected from a single entity.
- "Design-Build Project" means a capital outlay construction project using the Design-Build project delivery method.
- Design-Build Entity ("DBE") means a partnership, joint venture, corporation, or other legal entity that is able to provide appropriately licensed contracting, registered architectural, and licensed engineering services as needed pursuant to the Agreement.
- "Design-Build Primary Team" means the Design-Build Entity itself, the General Contractor (if not the DBE), the Architect of Record (AOR), and the Design Architect (if not the AOR) Design-Build Primary Team Members may also be referred to as the Primary Team Members.
- "Design-Build Team" means the Design-Build Entity itself and the individuals and other entities identified by the DBE as members of its team. Members shall include the General Contractor and, if utilized in the design of the Project, all electrical, mechanical, and plumbing subcontractors.
- "Proposers" and "Respondents" both mean the entity submitting responses to this RFQ and are used interchangeably throughout this document.

SELECTION PROCESS

The Owner is utilizing a two-phase process to qualify and select a DBE to fully execute the design and construction of the Project.

Phase 1 – Request for Qualifications (RFQ): Interested Design-Build Entities shall submit a Statement of Qualifications (SOQ) as further defined in this RFQ. The SOQs received in accordance with this RFQ will be reviewed and scored. No more than the six (6) highest scoring Design-Build Entities will be interviewed by a selection committee to further evaluate their qualifications. A shortlist of no more than four (4) Design-Build Entities will be invited to respond to the Phase 2 – Request for Proposals.

Phase 2 – Request for Proposals (RFP): Shortlisted DBEs will be issued an RFP. The RFP will be a detailed description of the Owner's expectations for the Project, including the Project's design and performance criteria, administrative details, known site conditions and other pertinent project information, including a sample Design-Build Agreement.

PROPOSAL MANAGER AND POTENTIAL CONFLICT OF INTEREST DISCLOSURE

1. **Proposal Manager:** Each Design-Build Entity interested in submitting a SOQ shall designate one (1) Individual as its Proposal Manager who will be responsible for all communications with the Owner during the RFQ and RFP process. The Design-Build Entity shall submit to the Owner a completed Identification of Design-Build Entity Proposal Manager form (Exhibit A included herewith).

The Design-Build Entity's Proposal Manager shall be the single point of contact for questions, inquiries, clarifications, and correspondence during the entire RFQ and RFP process. Any substitution of the Design-Build Entity's Proposal Manager during the RFQ and RFP processes shall be made in writing to the Owner as indicated on the Identification of Design-Build Entity Proposal Manager form.

2. **Potential Conflict of Interest Disclosure:** The Design-Build Entity, General Contractor (if not the DBE), Architect of Record (AOR), and the Design Architect (if not the AOR) each shall complete the Potential Conflict of Interest Disclosure (Exhibit B included herewith).

Proposers to this RFQ acknowledges that, for the term of the resulting contract, the DBE, General Contractor (if not the DBE), Architect of Record (AOR), and the Design Architect (if not the AOR) and their respective members, officers or employees, shall not have any direct interest in any such contract or any direct or material benefit arising therefrom, and shall not be financially interested in any such contract made by them in their official capacity, as the above interests and terms are defined in California Government Code Sections 1090 et seq. and 87100 et seq., and relevant case law. Prohibited interests include interests of immediate family members, domestic partners, and their respective employers or prospective employers.

Proposer further represents and warrants that it presently has no interest and agrees that it will not acquire any interest that would present a conflict of interest under California Government Code Sections 1090 et seq. or 87100 et seq. during the performance of any contract resulting from this RFQ and subsequent RFP and that it will not knowingly employ any person having such an interest.

Submissions made in violation of the conflict of interest rules set forth herein shall be deemed nonresponsive. Contracts made with a proposer in violation of the conflict of interest rules set forth herein shall be deemed void and unenforceable.

GENERAL TERMS AND CONDITIONS

This RFQ is not an offer by VCTC to contract with any proposer or respondent, and does not commit VCTC to award exclusive negotiation rights or a contract or to procure or contract for any services. The issuance of this RFQ does not constitute an agreement by VCTC that VCTC will actually enter into any contract.

VCTC reserves the right to:

- Extend the due date of the RFQ, or cancel, in whole or in part, this solicitation.
- Interview none, any or all respondents to this RFQ.
- Request additional information from respondents at any time.
- Confirm any part of the information furnished by an applicant.
- Obtain additional evidence of managerial, financial, or other capabilities.
- Approve or disapprove the use of particular subcontractors.
- Negotiate with any, all, or none of the applicants;
- Select shortlist DBEs for RFP issuance that are most advantageous to and serve the best interests of VCTC.
- Reject, in whole or in part, any or all submittals, and to waive minor irregularities in any submittal.
- Seek and obtain additional information beyond the due date if the submittals received are unsatisfactory.
- Issue subsequent Requests for Proposals.
- Solicit best and final offers from all or some of the applicants.
- Accept other than the lowest-priced proposal.
- Cancel or withdraw the RFQ at all time without prior notice and the VCTC makes no representation that any Agreement will be awarded to any applicant responding to this RFP.
- Alter the Selection Process Dates
- Issue Addenda to clarify or modify elements of this RFQ.
- Require proposers to accept VCTC's standard insurance and indemnification requirements.
- Correct or waive technical errors in the RFQ process.

The following terms and conditions apply to this RFQ process and all submittals:

- Except confidential financial statements submitted in accordance with the instructions of this RFQ, all RFQ submittals are considered disclosable public records and not considered confidential or proprietary, and will become the property of VCTC. VCTC may use any and all ideas and materials included in any submittal.
- No reimbursement will be made by VCTC for any cost incurred by organization in preparation or submittals of a response to this RFQ.
- By responding to this RFQ, the proposer represents that it and its subsidiaries do not and will not discriminate against any employee or applicant for employment on the basis of race, religion, sex, color, national origin, sexual orientation, ancestry, marital status, physical condition, pregnancy or

pregnancy-related conditions, political affiliations or opinion, age, or medical condition or any other category protected by law.

- Proposers and all other information and documents submitted in response to this RFQ are subject to the California Public Records Act, California Government Code §§ 7920.000-7930.215) (CPRA), which generally mandates the disclosure of documents in the possession of VCTC upon the request of any person, unless the content of the document falls within a specific exemption category.
- Non-Liability: By participating in the RFQ process, each respondent agrees to hold VCTC and its officers, employees, agents, representatives, and consultants harmless from all claims, liabilities, and costs related to all aspects of this RFQ.

RFQ BRIEFING CONFERENCE

A RFQ Briefing Conference is scheduled for **March 5, 2024** at a time yet to be determined and will be held virtually. The focus of the conference is to review the RFQ process, submittal requirements and prequalification evaluation criteria. Attendees will be allowed to ask questions at this conference. Oral responses given at this conference are not binding to the Owner. Only responses and clarifications issued via formal written addenda shall be binding. All Design-Build Entities submitting a Statement of Qualifications are required to attend the Briefing Conference. Attendance is limited to a maximum of five (5) representatives from each Design-Build Entity, including subcontractors.

QUESTIONS PROCEDURE

Questions pertaining to this RFQ will be accepted from Design-Build Entities that attended the Briefing Conference and must be submitted in writing via e-mail to the name and address found in the Contact and Submittal Information located at the end of this section. Please submit all questions by the deadline stipulated in the Summary Schedule below. The Owner will provide written responses to all questions in the form of an Addendum.

Copies of all questions submitted by Design-Build Entities, and subsequent answers, will be distributed via written addenda by email on the date indicated in the Schedule Summary below to all Design-Build Entities that have submitted the identification of Design-Build Entity Proposal Manager form and have attended the Briefing Conference.

The Owner will also post addenda to VCTC's website. It shall be incumbent upon a DBE to check VCTC's website and review posted material. Failure of a DBE to receive addenda shall not entitle the DBE to an extension of the schedule nor shall it permit the submission of any additional information after the deadline set forth in the schedule.

COMMUNICATION WITH THE OWNER

Under no circumstances are any of the prospective Design-Build Entities or anyone on the prospective Design-Build Teams to contact, discuss with, or inquire of any Owner consultant, employee, elected official or member of the RFQ/P Review Technical Advisory Committee on any matter relating to this solicitation process. This requirement is to ensure that the same information is received by all interested parties and no inconsistent, incomplete, or inaccurate information is communicated. Information obtained outside this prequalification process cannot be relied upon.

Unauthorized contact of any individual as described above may be cause for rejection of the Design-Build Entity's Statement of Qualifications. All inquiries concerning this solicitation shall be directed simultaneously to the contact persons indicated below. No telephone inquiries will be answered.

PROJECT INFORMATION

PROJECT DESCRIPTION

The selected firm (Contractor) shall be responsible for completing the assessment of all existing bus stops, identifying recommended improvements at each bus stop with cost estimates, design of recommended improvements based on the provided budget, and construction of the improvements. Design shall include preparation of plans, specifications, and estimates (PS&E) for the bus stops selected for improvement. The proposed project will implement strategies of the Ventura County Coordinated Public Transit-Human Services Transportation Plan ("Coordinated Plan") to conduct an inventory and evaluate the accessibility of all bus stops and train stations countywide, and create a project and priority list based on qualitative and quantitative standards and subsequently construct infrastructure improvements.

Goals and Objectives:

- Develop a countywide inventory of all bus stops/rail stations.
- Identify stops and stations that have potential for general, multimodal, Americans with Disabilities Act (ADA), operational, and amenity improvements that would create mobility hubs and facilitate improved multimodal connections to transit.
- Ensure alignment of work with Southern California Association of Government's Regional Early Action Planning Grant 2.0's Core Program Objectives.
- Construct Improvements.

DBE RESPONSIBILITY OVERVIEW

The Design-Build Entity shall be responsible for the design and construction of the Project, including all applicable agency approvals, planning, engineering, permits, start-up and testing, design and construction scheduling, commissioning and coordination of commissioning with Owner, installation of furniture and equipment, closeout (punchlist documentation and resolution, O&M manuals, systems and/or equipment training, as-built documentation, final inspection and acceptance) and activation coordination for the Project. The DBE will be responsible for all surveying and geotechnical investigation needed for the design of the Project, environmental/hazmat, and existing utility and subsurface conditions investigations needed to confirm site conditions.

LABOR COMPLIANCE

The successful DBE, including the General Contractor and all subcontractors, must comply with the provisions of State Senate Bill 854 (Stat. 2014, chapter 28), which became effective January 1, 2015. Including the following:

3. No contractor or subcontractor may be listed on a bid proposal for public works project (submitted on or after March 1, 2015) unless registered with the Department of Industrial Relations pursuant to Labor

Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor
Code section 1771.1(a)]

4. No contractor or subcontractor may be awarded a contract for public works on a public works project (awarded on or after April 1, 2015) unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5.
5. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

STATEMENT OF QUALIFICATIONS

INSTRUCTIONS AND SUBMITTAL

REQUIREMENTS

GENERAL

The General Contractor (if separate entity from Design-Build Entity), the Architect of Record (AOR), and Design Architect (if separate entity from the AOR) will not be allowed to participate in any capacity as a member of more than one Design-Build Team. There are no such participatory restrictions on other team members.

Design-Build Primary Team members listed in response to the RFQ are expected to be listed by the DBE in its response to the Request for Proposal. Design-Build Entities must submit requests to substitute team members for good cause to the Owner in writing for approval. If a Design-Build Team member substitution request is received, Owner reserves the right to re-evaluate a DBE's inclusion on the shortlist of entities invited to submit proposals; to rescind a DBE's invitation to participate in the RFP process; and to offer another DBE an invitation to participate in the RFP process.

The Phase 1 evaluation criteria to prequalify prospective Design-Build Entities shall consist of four (4) parts:

PART A – QUESTIONNAIRE

PART B – EXPERIENCE

PART C – INTERVIEW

PART D - SHORTLIST

PART A – QUESTIONNAIRE INSTRUCTIONS

Design-Build Primary Team: Each responding Design-Build Entity must submit qualifications for the DBE, a General Contractor properly licensed (Class B) in California, as well as an Architect, properly registered and licensed in California. If the DBE and the General Contractor are the same entity only, one Questionnaire for Part A Section I and Part A Section III is required. The DBE's Architect shall be required to complete the design and serve as the Architect of Record for the Project. If the DBE intends to have a separate Design Architect in addition to the Architect of Record, the DBE must also submit qualifications for the Design Architect.

DBEs must complete and submit qualifications regarding their Primary Team as described in the attached Part A Questionnaire consisting of the following four (4) Sections:

Section I: Identification of DBE and Primary Team Members – Not Scored

Section II: Essential requirements for the DBE – Pass/Fail

Section III: Questions for DBE Primary Team Members – Scored

Section IV: Financial Questions for the Design-Build Entity – Scored

If the information requested for the DBE, General Contractor, Architect of Record, and Design Architect is not provided in accordance with the requirements of Part A Section I, or if the DBE receives a "Fail" grading in Section II, then the DBE will receive a score of "Fail" and no further scoring of the SOQ will be made.

Each of the DBE's Primary Team Members (DBE, General Contractor, Architect of Record and Design Architect) must complete and sign a certification form included in the Part A Questionnaire.

PART B – EXPERIENCE INSTRUCTIONS

Each Design-Build Entity submitting qualifications shall provide evidence that establishes the Design-Build Entity and its Primary Team Members have completed or demonstrate the capability to complete projects of similar size, scope, schedule, and complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the Project.

The Design-Build Entity and its Primary Team Members' experience will be evaluated for the relative merit and responses to the following sections:

1. **Section I: Narrative and Organizational Chart:** The information requested in this section is intended to provide the selection team an understanding of the DBE's staffing rationale and how it proposes to organize its team to successfully execute the Project.

The DBE shall describe why this particular team has been assembled for this particular Project. List proposed Design-Build Team personnel that will be assigned to and be responsible for completion of the work on this Project and indicate their roles and responsibilities. Include an organization chart (or charts) for design and construction operations which includes Primary Team Members as identified in Item 2 Personnel Resumes below. The Narrative and Organization Chart shall be limited to three (3) pages. A 11 x 17 sheet may be used for the organization chart and will count as one page.

2. **Section II: Personnel Resumes:** The information requested in this section is intended to allow the selection team to evaluate the experience and skills of the Key Personnel on the Design-Build Team and assess their ability to successfully execute the design and construction of the Project. Certain resumes will have a higher scoring weight than others as noted in the required resume listing below.

Submit resumes of personnel who will be assigned to this Project and who will contribute a significant effort to its design and construction. Clearly identify experience demonstrated by projects on similar size, scope, schedule, and complexity to the Project, including experience with the design and construction of public building facilities, and experience on design-build projects. Projects completed by personnel while employed for other firms may be listed but must be so identified. Identify significant experience or attributes which will be useful on this Project. Personnel resumes shall be limited to two (2) pages in length for each resume and must respond to each line item contained on the resume template attached.

Resumes will be required for the following team members at a minimum (Key Personnel are indicated in *italics*). Personnel may hold multiple positions:

- a) DBE:
 - i. Project Executive (Prime contracting authority)
 - ii. Design Principal
 - iii. General Construction Principal
 - iv. *DBE Project Director (Primary point of contact)*
- b) Design Team:
 - i. *Design Project Manager*

- ii. *Architect of Record*
 - iii. *Project Architect*
- c) Construction Team:
 - i. *Project Manager*
 - ii. *Design Manager*
 - iii. *General Superintendent*
 - iv. Quality Control Manager
 - v. Safety Manager

Please Note: Additional team member resumes may be submitted for clarity of team composition, however, only the resumes for the positions noted above will be scored. Additional scoring weight will be given to personnel with current Design-Build Institute of America (DBIA) certifications, and to positions identified above in *italics*.

3. **Section III: Project Profiles:** The information requested in this section is intended to permit the selection team to review experience and actual results of the team's and team member's ability to successfully design and construct projects similar in nature and complexity to the Project.

The Contractor, Architect of Record and Design Architect (if not the AOR) shall provide design or construction project profiles for a maximum of five (5) independent projects, each having been completed within the last 15 years or are currently under construction and at least 50% completed. Project Profiles shall be limited to two (2) pages in length for each project and must respond to each line item contained on the Project Profile Template included herewith.

Projects are to demonstrate the team's design and construction experience on similar projects in terms of significant new construction, critical schedules, complexity, scope, function, size, cost control, dollar value, and design-build experience.

- a) Design Experience: The DBE shall submit a maximum of five (5) project profiles representative of the AOR's ability to design projects of similar size, scope, character, or complexity to this Project.
- i. At least two (2) of the projects must be in California.
 - ii. All projects must have been completed within the last fifteen (15) years or be currently under construction and at least 50% complete.
 - iii. At least two (2) projects must have a construction cost in excess of \$1 million dollars.
 - iv. At least two (2) projects must have utilized the Design-Build delivery method.

If the Design Architect is not the AOR, a maximum of 5 additional project profiles representative of the Design Architect's ability to design projects of similar size, scope, character, and complexity to this Project may be submitted. Design Architect profiles shall be scored and the average of the AOR and Design Architect scores shall be utilized in establishing a score for this section.

- b) Construction Experience: The General Contractor shall submit a maximum of five (5) project profiles representative of the General Contractor's ability to provide construction of projects of similar size, scope, character, or complexity to this Project.
- i. At least two (2) of the projects must be in California.
 - ii. All projects must have been completed within the last fifteen (15) years or be currently under construction and at least 50% complete.
 - iii. At least three (3) projects must have a construction cost each in excess of \$1 million dollars.

- iv. At least three (3) projects must have utilized the Design-Build delivery method.

For each project, complete the Project Profile Template included herewith. Each profile is limited to two (2) pages and must include a response to all line items of the template for each project presented. Additional information, photos and other graphic materials may be included. Include a narrative addressing the salient features for each project and a brief statement indicating the relevance of the referenced project to this Project. Indicate the degree of involvement by key construction personnel being proposed for this Project.

4. **Section IV: Working Relationship Matrix:** The information requested in this section is intended to provide the selection team an understanding of the proposed members' experience and ability to function as a team based on prior and existing working relationships established on previous projects.

The DBE shall select up to ten (10) projects from the Project Profile Templates submitted and list them on the Working Relationship Matrix provided in Part B. For each position listed on the Matrix indicate whether the individual being proposed for this Project had a significant role in the project's success by placing a mark in the appropriate box.

5. **Section V: Project References:** The information requested in this section is intended to permit the selection team to validate actual performance of the firm and/or individual team members on a given project. List on the Project Reference Template form each project for which a Project Profile Template is being submitted under Section III. For each project listed identify the Project Name, Firm Name, and Owner Contact Name along with Contact's Title, Phone Number, E-mail Address and Relationship to the project. The Owner Contact should be someone intimately familiar with the firm's involvement in the listed project.

The Owner intends to contact those individuals listed as references by the DBE team members and points will be assigned based upon verification that the DBE's characterization of its involvement in the project is accurate and their overall assessment of the quality of the services provided, specifically including design of the facility to meet its intended purpose, function of the facility, project management, cost of the facility in relation to budget, schedule control, quality, and commissioning.

It is the DBE's responsibility to verify that all references listed can be reached using the information provided by the DBE. If a reference cannot be located using the information provided by the DBE, then that listed project will not receive a score.

The Owner, at its sole discretion, may choose to contact other references, including owners, listed on the project profiles presented in the DBE's Statement of Qualifications.

6. **Section VI: Project Management Approach:** The information requested in this section is intended to provide the selection team an understanding of how the DBE intends to manage the design and construction of the Project, and why their specific approach is best suited to achieve success on the Project.

Describe the DBE's approach to managing this Project and include the DBE's philosophy and methodology regarding design-build. This section is limited to eight (8) pages. The DBE shall demonstrate its understanding of how the design-build process will achieve the best value for Owner by describing how successful delivery strategies and lessons learned on previous similar projects will be utilized on this Project to achieve the best value and timely project delivery. The DBE shall also discuss

their process and procedures for integrating the Owner in the design-build process throughout design and construction, and to ensure the critical features are incorporated into the Project.

PART C – INTERVIEW

No more than the six (6) highest scoring Design-Build Entities based upon the number of points scored from Parts A and B will be interviewed by a Selection Committee to further evaluate their qualifications. A total of 400 points will be allocated for Part C – Interview.

The interview will provide the opportunity to clarify and elaborate on the written material submitted in the SOQ package and to give the Selection Committee the opportunity to meet personnel assigned to this project. Personnel from the Design-Build Entity, including the General Superintendent, Project Manager, Design Manager, and the Architect of Record's Design Project Manager, and Design Manager must attend the interview. Additional personnel from the Design-Build team may attend the interview as determined by the Design-Build Entity.

The Owner will provide additional interview details in the invitation to interview.

PART D – SHORTLIST

No more than the four (4) highest scoring Design-Build Entities from the RFQ process will be invited to participate in the RFP Phase and submit Proposals. The scoring will be based upon the total points accumulated from the scoring of Parts A, B, and C (1,205 total points).

SOQ SUBMITTAL REQUIREMENTS

The DBE Statement of Qualifications shall be submitted in accordance with the procedure listed above and the following requirements. Each physical submittal shall use no less than 11 pt. font and shall be on 8-1/2 x 11 inch page size. Each submittal shall contain the following tabbed sections:

- A-22. Has there been more than one occasion in which the Design-Build Entity or its associates were penalized or required to pay back wages for failure to comply with the Federal Davis-Bacon prevailing wage requirements?

☐ Yes ☐ No

0 to 2 instances = 5 points

3 instances = 3 points

More than 3 instances= 0 points

If "yes," attach a separate page, describing the violator, nature of each violation, name of the project, date of its completion, the public agency for which it was constructed, the number of employees who were initially underpaid and the amount of back wages and penalties that were assessed.

A-23. If the Design-Build Entity operates its own State-approved apprenticeship program, provide the following information on a separate page:

- (a) Identify the craft or crafts in which you provided apprenticeship training in the past year.
- (b) State the year in which each such apprenticeship program was approved, and attach evidence of the most recent California Apprenticeship Council approval(s) of your apprenticeship program(s).
- (c) State the number of individuals who were employed by your firm as apprentices at any time during the past three years in each apprenticeship and the number of persons who, during the past three years, completed apprenticeships in each craft while employed by your firm.

No scoring

A-24. Has the Design-Build Entity its associates been found to have violated any provision of California apprenticeship laws or regulations, or the laws pertaining to use of apprentices on public works?

☐ Yes ☐ No

0 to 2 instances = 5 points

3 instances = 3 points

More than 3 instances= 0 points

If “yes,” provide the date of the findings and attach a copy of the final decision.

Date(s) of Findings: _____

A-25. Do agreements exist between the Design-Build Entity and registered apprenticeship programs which have been approved by the California Apprenticeship Council and have graduated apprentices for all apprenticeable crafts which may be employed by the Design-Build Entity on this Project?

(This graduation requirement shall not apply to programs providing apprenticeship training for any craft that has not been deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticeable craft within the period of October 1995 to October 2000.)

☐ Yes ☐ No

Yes = 5 points

No = 0 points

SECTION III (A): SCORED QUESTIONS FOR THE DESIGN-BUILD ENTITY

MAXIMUM POSSIBLE SCORE IS 155 POINTS. A MINIMUM SCORE OF 110 POINTS MUST BE ATTAINED OR THE DESIGN-BUILD ENTITY WILL BE RATED AS NOT QUALIFIED.

SECTION III (B): SCORED QUESTIONS FOR THE GENERAL CONTRACTOR

(Not required if the Design-Build Entity is the General Contractor.)

The term “General Contractor” means the member of the Design-Build Team that will have the primary responsibility for the construction of the Project. Duplicate and submit for each General Contractor if more than one.

The term “Associates” shall mean all of the following:

- The current qualifiers for all current Contractors State License Board contracting licenses held by the General Contractor.
- All current officers of a General Contractor which is a corporation.
- All current partners of a General Contractor which is a partnership.
- All current joint venturers of the joint venture General Contractor which is seeking prequalification.

B-1 How many years has the General Contractor been licensed in California?

Years: _____

5 years or less = 0 points

6 years = 1 point

7 years = 3 points

8 years or more = 5 points

B-2. Is the General Contractor or its associates currently the debtor in a bankruptcy or receivership case?

☐ Yes

☐ No

Yes = 0 points

No = 10 points

If “yes,” indicate the case number, bankruptcy court, and the date on which the petition was filed.

Case Number

Bankruptcy Court

Date Filed

B-3. Has the General Contractor or its associates ever been in bankruptcy or receivership at any time? (This question refers only to a bankruptcy action that was not described in answer to question B-2, above.)

☐ Yes

☐ No

Yes = 0 points

No = 10 points

If “yes,” indicate the case number, bankruptcy court, and the date on which the petition was filed.

Case Number

Bankruptcy Court

Date Filed

- B-4. Has the General Contractor, its associates, or managing employees ever been assessed liquidated damages of more than a total **\$30,000** on a construction contract with either a public or private owner?

☐ Yes ☐ No

0 to 1 Project = 10 points

2 Projects = 3 points

More than 2 Projects = 0 points

If yes, explain on a separate page, identifying all such projects by owner, owner's address, name of entity against whom assessment was made, the date of completion of the project, total amount of liquidated damages assessed and all other information necessary to fully explain the assessment of liquidated damages.

- B-5. Has the General Contractor, its associates or managing employees ever been declared by an owner, or found by an arbitrator or court to be in default on a construction contract?

☐ Yes ☐ No

Yes = 0 points

No = 5 points

If "yes," explain on a separate page.

- B-6. Has the General Contractor, its associates or managing employees, been debarred, disqualified, removed or otherwise prevented from bidding on, or completing, any government agency or public works project for any reason?

☐ Yes ☐ No

Yes = 0 points

No = 10 points

If "yes," explain on a separate page. State the name of the organization debarred, the year of the event, the owner of the project, and the basis for the action.

- B-7. Has the General Contractor, its associates or managing employees ever been denied an award of a public works contract based on a finding by a public agency that they were not a responsible or responsive bidder?

☐ Yes ☐ No

Yes = 0 points

No = 5 points

If "yes," on a separate page identify the year of the event, the entity denied the award, the owner, the project, and the basis for the finding by the public agency.

(NOTE: The following two questions refer only to disputes between General Contractors and owners of projects. You need not include information about disputes with suppliers, other contractors, or subcontractors. You need not include information about “pass-through” disputes in which the actual dispute is between a subcontractor and a project owner.)

- B-8. In the past five years has any claim in excess of **\$30,000** been filed in court, arbitration, or other dispute resolution proceeding against the General Contractor or its associates concerning their work on a construction project?

☐ Yes ☐ No

0 to 1 instance = 5 points

2 instances = 3 points

More than 2 instances= 0 points

If “yes,” on a separate page identify the claim(s) by providing the project name, date of the claim, name of the claimant, the name of the entity the claim was filed against, a brief description of the nature of the claim, the court and case number, and a brief description of the status of the claim (pending or, if resolved, a brief description of the resolution).

- B-9. In the past five years has the General Contractor or its associates made any claim in excess of **\$30,000** against a project owner concerning work on a project or payment for a contract and filed that claim in court or arbitration?

☐ Yes ☐ No

0 to 1 instance = 5 points

2 instances = 3 points

More than 2 instances= 0 points

If “yes,” on a separate page identify the claim by providing the name of claimant, the project name, date of the claim, name of the entity (or entities) against whom the claim was filed, a brief description of the nature of the claim, the court and case number, and a brief description of the status of the claim (pending, or if resolved, a brief description of the resolution).

- B-10. Has any insurance carrier, for any form of insurance, refused to renew the insurance policy for the General Contractor or its associates due to non-payment or contractor losses?

☐ Yes ☐ No

Yes = 0 points

No = 5 points

If “yes,” on a separate page give name of the insured, name the insurance carrier, the form of insurance, and the year of the refusal.

- B-11. Has the General Contractor, its associates or managing employees ever been found liable in a civil suit or found guilty in a criminal action for, or legally admitted for the purpose of a criminal plea to making any false claim or material misrepresentation to any public entity?

☐ Yes ☐ No

Yes = (-5) points

No = 5 points

If “yes,” explain on a separate page, including identifying who was found liable or guilty, the court and case number, the name of the public entity, the civil or criminal verdict, the date and the basis for the finding.

- B-12. Has the General Contractor, its associates, or managing employees ever been convicted of a crime involving any federal, state, or local law related to construction?

☐ Yes ☐ No

Yes = (-10) points

No = 5 points

If “yes,” explain on a separate page, including identifying who was convicted, the name of the victim, the date of the conviction, the court and case number, the crimes, and the grounds for the conviction.

- B-13. Has the General Contractor, its associates or managing employees ever been convicted of a federal or state crime of fraud, theft, or any other act of dishonesty?

☐ Yes ☐ No

Yes = (-10) points

No = 5 points

If “yes,” identify on a separate page, the person or persons convicted, the court and case number, the crimes, and the year convicted.

- B-14. Has there ever been a period of time when the General Contractor or its associates had no surety bond in place during a public construction project when one was required?

☐ Yes ☐ No

Yes = 0 points

No = 10 points

If “yes,” indicate the period during which no surety bonds were in place, name of entity without the surety bond, the name of project owner, and if coverage was denied, the date coverage was denied and the name of the company that denied coverage.

- B-15. Has CAL OSHA cited and assessed penalties against the General Contractor, its associates or managing employee for any “serious,” “willful” or “repeat” violations of its safety or health regulations?

(NOTE: If you have filed an appeal of a citation, and the Occupational Safety and Health Appeals Board has not yet ruled on your appeal, you need not include information about it.)

☐ Yes ☐ No

0 to 1 instance = 5 points

2 instances = 3 points

More than 2 instances= 0 points

If “yes,” on separate page describe the citations, the party against whom the citation was made, date of citation, nature of the violation, project on which the citation was issued, owner of project, and the amount of penalty paid, if any. State the case number and date of any OSHAB decision.

- B-16. Has the Federal Occupational Safety and Health Administration cited and assessed penalties against the General Contractor, its associates or managing employees?

(NOTE: If an appeal of the citation has been filed and the Appeals Board has not yet ruled, or if there is a court appeal pending, you need not include information about the citation.)

☐ Yes ☐ No

0 to 1 instance = 5 points

2 instances = 3 points

More than 2 instances= 0 points

If “yes,” on separate page describe the citations, the party against whom the citation was made, date of citation, nature of the violation, project on which the citation was issued, owner of project, and the amount of penalty paid, if any. State the case number and date of any decision.

- B-17. Has the Environmental Protection Agency, any Air Quality Management District or any Regional Water Quality Control Board cited and assessed penalties against either the General Contractor, its associates, managing employees or the owner of a project during the time in which the preceding parties were performing on a contract?

(NOTE: If an appeal of the citation has been filed and there is no ruling yet, or if there is a court appeal pending, you need not include information about the citation.)

☐ Yes ☐ No

0 to 1 instance = 5 points

2 instances = 3 points

More than 2 instances= 0 points

If “yes,” on separate page describe the citations, the party against whom the citation was made, date of citation, nature of the violation, project on which the citation was issued, owner of project, and the amount of penalty paid, if any. State the case number and date of any decision.

- B-18. A-18. How often does the Design-Build Entity require documented safety meetings and documented worker safety program meetings to be held for construction employees and field supervisors during the course of a project?

Frequency of documented safety meetings: _____

At least once a week = 10 points

Once every two weeks = 5 points

Less than every two weeks = 0 points

- B-19. List the Design-Build Entity’s Experience Modification Rate (EMR) (California Workers’ Compensation insurance), average total recordable injury or illness rate (ARIR), and average lost work rate (ALWR) for each of the past three premium years:

(NOTE: An Experience Modification Rate is issued to your firm annually by your Workers’ Compensation insurance carrier.)

Year: EMR: _____ ARIR: _____ ALWR: _____

Year: EMR: _____ ARIR: _____ ALWR: _____

Year: EMR: _____ ARIR: _____ ALWR: _____

Average EMR, ARIR, ALWR for the past 3 years:

0.85 or less = 10 points

0.86 to 1.00 = 5 points

Greater than 1.00 = Disqualification

Note: Public Contract Code Section 22164 requires an acceptable safety record for Design-Build projects and a worker’s safety program. A proposer’s safety record shall be deemed acceptable if its experience modification rate for the most recent three-year period is an average of 1.00 or less. If the average is greater than 1.00, the DBE will be disqualified and there will be no further scoring of the SOQ.

- B-20. Has there ever been a period when the General Contractor or its associates had employees but was without Workers’ Compensation insurance or state-approved self-insurance?

☐ Yes ☐ No

0 instances = 5 points

More than 0 instances = 0 points

If “yes,” please explain the reason for the absence of Workers’ Compensation insurance on a separate page. If “No,” please provide a statement by your current Workers’ Compensation insurance carrier that verifies periods of Workers’ Compensation insurance coverage for the General Contractor.

- B-21. Has there been more than one occasion in which the General Contractor or its associates were required to pay either back wages or penalties for failure to comply with the state’s prevailing wage laws?

☐ Yes ☐ No

0 to 2 instances = 5 points

3 instances = 3 points

More than 3 instances= 0 points

If “yes,” attach a separate page, describing the violator, nature of each violation, name of the project, date of its completion, the public agency for which it was constructed, the number of employees who were initially underpaid and the amount of back wages and penalties that were assessed.

- B-22. Has there been more than one occasion in which the General Contractor or its associates were penalized or required to pay back wages for failure to comply with the Federal Davis-Bacon prevailing wage requirements?

☐ Yes ☐ No

0 to 2 instances = 5 points

3 instances = 3 points

More than 3 instances= 0 points

If “yes,” attach a separate page, describing the violator, nature of each violation, name of the project, date of its completion, the public agency for which it was constructed, the number of employees who were initially underpaid and the amount of back wages and penalties that were assessed.

- B-23. If the General Contractor operates its own State-approved apprenticeship program, provide the following information on a separate page:

- (a) Identify the craft or crafts in which you provided apprenticeship training in the past year.
- (b) State the year in which each such apprenticeship program was approved, and attach evidence of the most recent California Apprenticeship Council approval(s) of your apprenticeship program(s).
- (c) State the number of individuals who were employed by your firm as apprentices at any time during the past three years in each apprenticeship and the number of persons who, during the past three years, completed apprenticeships in each craft while employed by your firm.

No scoring

- B-24. Has the General Contractor its associates been found to have violated any provision of California apprenticeship laws or regulations, or the laws pertaining to use of apprentices on public works?

☐ Yes ☐ No

0 to 2 instances = 5 points

3 instances = 3 points

More than 3 instances= 0 points

If “yes,” provide the date of the findings and attach a copy of the final decision.

Date(s) of Findings: _____

- B-25. Do agreements exist between the General Contractor and registered apprenticeship programs which have been approved by the California Apprenticeship Council and have graduated apprentices for all apprenticeable crafts which may be employed by the General Contractor on this Project?

(This graduation requirement shall not apply to programs providing apprenticeship training for any craft that has not been deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticeable craft within the period of October 1995 to October 2000.)

☐ Yes ☐ No

Yes = 5 points

No = 0 points

SECTION III (C): SCORED QUESTIONS FOR THE ARCHITECT OF RECORD

The Architect of Record is the Architect who will have primary responsibility for design work under the Agreement. Attach copies if more than one Architect of Record.

“Firm” shall mean the firm that employs the Architect of Record.

The nature of the project will dictate the discipline(s) of the Architect of Record(s). Attach additional copies if more than one Architect of Record.

Name of Principal Architect of Record: _____

Name of Firm: _____

C-1. How many years has the Architect of Record been licensed and practicing in California?

Years: _____

5 years or less = 0 points

6 years = 3 points

7 years = 5 points

8 years or more = 10 points

C-2. Is the firm currently the debtor in a bankruptcy or receivership case?

☐ Yes ☐ No

Yes = 0 points

No = 10 points

If “yes,” indicate the case number, bankruptcy court, and the date on which the petition was filed.

_____	_____	_____
Case Number	Bankruptcy Court	Date Filed

C-3. Was the firm in bankruptcy or receivership at any time? (This question refers only to a bankruptcy action that was not described in answer to question C-2, above.)

☐ Yes ☐ No

Yes = 0 points

No = 10 points

If “yes,” indicate the case number, bankruptcy court, and the date on which the petition was filed.

_____	_____	_____
Case Number	Bankruptcy Court	Date Filed

- C-4. In the past five years has any claim in excess of **\$30,000** been filed in court, arbitration, or other dispute resolution proceeding against the Architect of Record or the firm concerning its engineering work on a project?

☐ Yes ☐ No

0 to 1 instances = 5 points

2 to 3 instances = 3 points

More than 3 instances= 0 points

If “yes,” identify the claim(s) by providing the project name, date of the claim, name of the claimant, a brief description of the nature of the claim, the court and case number, and a brief description of the status of the claim (pending or, if resolved, a brief description of the resolution).

- C-5. Has the Architect of Record or the firm been debarred, disqualified, removed, or otherwise prevented from bidding on, or completing, any government agency or public works project for any reason?

☐ Yes ☐ No

Yes = 0 points

No = 10 points

If “yes,” explain on a separate page. State the name of the organization debarred, the year of the event, the owner of the project, and the basis for the action.

- C-6. Has the Architect of Record or the firm or its managing employees ever been denied an award of a public works contract based on a finding by a public agency that they were not a responsible or responsive bidder as required by statute for all members of the DBE?

☐ Yes ☐ No

0 instances = 5 points

1 to 2 instances = 3 points

More than 2 instances= 0 points

If “yes,” on a separate page identify the year of the event, the entity denied the award, the owner, the project, and the basis for the finding by the public agency.

- C-7. In the past five years has the Architect of Record or the firm made any claim in excess of **\$30,000** against a project owner concerning engineering work on a project and filed that claim in court or arbitration?

☐ Yes ☐ No

0 instances = 5 points

1 to 3 instances = 3 points

More than 3 instances = 0 points

If “yes,” on separate page identify the claim by providing the project name, date of the claim, name of the entity (or entities) against whom the claim was filed, a brief description of the nature of the claim, the court and case number, and a brief description of the status of the claim (pending, or if resolved, a brief description of the resolution).

- C-8. Has any insurance carrier, for any form of insurance, refused to renew an insurance policy for the Architect of Record or the firm based on non-payment or losses?

☐ Yes ☐ No

Yes = (-5) points

No = 5 points

If “yes,” on separate page give name the insurance carrier, the form of insurance and the year of the refusal.

- C-9. Has the Architect of Record or the firm or its managing employees ever been found liable in a civil suit or found guilty in a criminal action for, or legally admitted for the purpose of a criminal plea to making any false claim or material misrepresentation to any public agency or entity?

☐ Yes ☐ No

Yes = (-5) points

No = 5 points

If “yes,” on a separate page identify who was found liable or convicted, the name of the public agency, the court and case number, the date of the investigation and the grounds for the finding.

- C-10. Has the Architect of Record or the firm ever been convicted of a crime involving any federal, state, or local law related to construction?

☐ Yes ☐ No

Yes = (-5) points

No = 5 points

If “yes,” on a separate page identify who was convicted, the name of the victim, the date of the conviction, the court and case number, the crimes, and the grounds for the conviction.

C-11. Has the Architect of Record or the firm ever been convicted of a federal or state crime of fraud, theft, or any other act of dishonesty?

☐ Yes ☐ No

Yes = (-5) points

No = 5 points

If "yes," on a separate page identify who was convicted, the court and case number, the crimes and the year convicted.

C-12. Has the Department of Consumer Affairs taken any disciplinary action against the Architect of Record?

☐ Yes ☐ No

Yes = (-10) points

No = 5 points

If "yes," please explain on a separate page.

QUALIFICATIONS BASIS FOR SCORING

PART A: QUESTIONNAIRE

Section I – Identification of the DBE and Primary Team Members

This part seeks information about the make-up Design-Build Team members and is for identification purposes only. There is no scoring value for this section.

Section II – Essential Requirements for the DBE (Pass/Fail)

DBE will be disqualified for failure to respond to any question, or if a Fail is received on any of the questions, regardless of the results of the scored questions.

Section III (A) – Scored Questions for the Design-Build Entity

The maximum possible score for Section III (A) is 155 points. A minimum score of 110 points must be attained or the Design-Build Entity will be rated as not qualified. In addition, the Design-Build Entity will be rated as not qualified if its average Experience Modification Rate (EMR) for the last three years exceeds 1.00.

Section III (B) – Scored Questions for the General Contractor

The maximum possible score for Section III (B) is 155 points. A minimum score of 110 points must be attained or the General Contractor will be rated as not qualified which in turn disqualifies the Design-Build Entity. If the Design-Build Entity is different from the General Contractor the scores of the two questionnaires will be averaged. In addition, the Design-Build Entity will be rated as not qualified if the General Contractor's average Experience Modification Rate (EMR) for the last three years exceeds 1.00.

Section III (C) – Scored Questions for the Architect of Record

The maximum possible score for III (C) is 80 points. A minimum score of 55 points must be attained or the Architect of Record will be rated as not qualified which in turn disqualifies the DBE.

Section III (D) – Scored Questions for the Design Architect

The maximum possible score for Section III (D) is 80 points. A minimum score of 55 points must be attained or the Design Architect will be rated as not qualified which in turn disqualifies the DBE. If the Architect of Record is different from the Design Architect the scores of the two questionnaires will be averaged.

Section IV – Scored Financial Questions for the Design-Build Entity

The maximum possible score for Section IV is 40 points.

PART B: EXPERIENCE

Section I – Narrative and Organizational Chart

The maximum possible score for Section I is 20 points based on relevance to the Project.

Section II – Personnel Resumes

The maximum possible score for Section II is 240 total points for 15 resumes based on relevance to the Project.

Key Personnel Resumes (identified in *italic* text in the Instructions and on the Working Relationship Matrix) have a maximum score of 20 points per resume. Other Required Resumes have a maximum score of 10 points per resume.

Key Personnel Resumes:	7 resumes x 20 points* (maximum)	=	140	points
Other Required Resumes:	2 resumes x 10 points** (maximum)	=	20	points
Section Maximum Score:		=	160	points

* Includes 2 points for Designated Design-Build Professional

** Includes 1 point for Designated Design-Build Professional or Associate Design-Build Professional

Section III – Project Profiles

The maximum possible score for Section III is 100 total points for 10 project profiles based on relevance to the Project.

Maximum points per Profile = 10

Section IV – Project References

The maximum possible score for Section IV is 100 points for 10 projects based on relevance to the Project.

Maximum points per Project Reference = 10

Section V – Working Relationship Matrix

The maximum possible score for Section V is 50 points.

Section VI – Project Management Approach

The maximum possible score for Section VI is 100 points based on relevance to the Project.

Ventura County Transportation Commission Contract Insurance Requirements

With respect to performance of work under this Agreement, Design-Build Entity (DBE) shall maintain and shall require all of its subcontractors and other agents to maintain insurance as described below unless such insurance has been expressly waived by the attachment of a Waiver of Insurance Requirements. Any requirement for insurance to be maintained after completion of the work shall survive this Agreement.

VCTC reserves the right to review any and all of the required insurance policies and/or endorsements but has no obligation to do so. Failure to demand evidence of full compliance with the insurance requirements set forth in this Agreement or failure to identify any insurance deficiency shall not relieve DBE from, nor be construed or deemed a waiver of, its obligation to maintain the required insurance at all times during the performance of this Agreement.

Insurance

- 1.1 Before beginning any work under the Agreement, Design/Build Entity at its own cost and expense, unless otherwise specified below, shall procure the types and amounts of insurance listed below against claims for injuries to persons or damages to property that may arise from or in connection with the performance of the work hereunder by the Design/Build Entity and its agents, representatives, employees, and subcontractors. Consistent with the following provisions, Design/Build Entity shall provide proof satisfactory to VCTC of such insurance that meets the requirements of this section and under forms of insurance satisfactory in all respects, and that such insurance is in effect prior to beginning work to VCTC. Design/Build Entity shall maintain the insurance policies required by this section throughout the term of the Agreement. The cost of such insurance shall be included in Design/Build Entity's Proposal. Design/Build Entity shall not allow any subcontractor to commence work on any subcontract until Design/Build Entity has obtained all insurance required herein for the subcontractor(s). Contractor shall maintain all required insurance listed herein for the duration of the Agreement.
- 1.1.1. **Workers' Compensation.** Design/Build Entity shall, at its sole cost and expense, maintain Statutory Workers' Compensation Insurance and Employer's Liability Insurance for any and all persons employed directly or indirectly by Contractor. The Statutory Workers' Compensation Insurance and Employer's Liability Insurance shall be provided with limits of not less than \$1,000,000 per accident. In the alternative, Design/Build Entity may rely on a self-insurance program to meet those requirements, but only if the program of self-insurance complies fully with the provisions of the California Labor Code. Determination of whether a self-insurance program meets the standards of the Labor Code shall be solely in the discretion of VCTC's Contract Administrator. The insurer, if insurance is provided, or the Design/Build Entity, if a program of self-insurance is provided, shall waive all rights of subrogation against VCTC and its officers, officials, employees, and volunteers for loss arising from work performed under the Agreement.

1.1.2. Commercial General and Automobile Liability Insurance.

- i. Commercial General Liability (CGL). Insurance Services Office Form CG 00 01 covering CGL on an “occurrence” basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than \$5,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.
- ii. Automobile Liability. Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if Design/Build Entity has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than \$2,000,000 per accident for bodily injury and property damage.
- iii. Additional requirements. Each of the following shall be included in the insurance coverage or added as an endorsement to the policy:
 - a. The Insurance shall cover on an occurrence or an accident basis, and not on a claims-made basis.
 - b. Any failure of Design/Build Entity to comply with reporting provisions of the policy shall not affect coverage provided to VCTC and its officers, employees, agents, and volunteers.

1.1.3 Professional Liability Insurance

- i. General requirements. Design/Build Entity, at its own cost and expense, shall maintain for the period covered by the Agreement professional liability insurance for licensed professionals performing work pursuant to the Agreement in an amount not less than \$3,000,000 per claim or per occurrence covering the licensed professionals’ errors and omissions. Any deductible or self-insured retention shall not exceed one hundred fifty thousand dollars (\$150,000) per claim. Claims-made limitations. The following provisions shall apply if the professional liability coverage is written on a claims-made form:
- ii. The retroactive date of the policy must be shown and must be before the date of the Agreement.
- iii. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the Agreement or the work, so long as commercially available at reasonable rates.
- iv. If coverage is canceled or not renewed and it is not replaced with another claims-made policy form with a retroactive date that precedes the date of the Agreement, Design/Build Entity shall purchase an extended period coverage for a minimum of five (5) years after completion of work under the Agreement or the work. VCTC shall have the right to exercise, at the Design/Build Entity's sole

cost and expense, any extended reporting provisions of the policy, if the Design/Build Entity cancels or does not renew the coverage.

- v. A copy of the claim reporting requirements must be submitted to VCTC for review prior to the commencement of any work under the Agreement.

1.1.4 Cyber Risk and Privacy Insurance

Design/Build Entity and any subcontractor handling Personally Identifiable Information (as defined herein) under this Agreement shall maintain cyber risk coverages including network and internet security liability coverage, privacy liability coverage, first party privacy coverage, and media coverage. Such insurance shall include coverage for liability arising from theft, dissemination, and/or use of confidential information or information that can be linked to a specific individual, including but not limited to, bank and credit card account information or personal information, such as name, address, social security numbers, protected health information or other similar information (collectively, "Personally Identifiable Information"), stored or transmitted in electronic form. If such policy is written on a claims-made (rather than an occurrence) basis, Design/Build Entity and such subcontractor shall maintain continuous coverage in effect for the term of this Agreement and for at least one (1) year beyond the termination or completion of services.

1.1.5 All Policies Requirements

- i. Acceptability of insurers. All insurance required by this section is to be placed with insurers with a Bests' rating of no less than A:VII.
- ii. Verification of coverage. Prior to beginning any work under the Agreement, Design/Build Entity shall furnish VCTC with complete copies of all policies delivered to Design/Build Entity by the insurer, including complete copies of all endorsements attached to those policies. All copies of policies and endorsements shall show the signature of a person authorized by that insurer to bind coverage on its behalf. If VCTC does not receive the required insurance documents prior to the Design/Build Entity beginning work, this shall not waive the Design/Build Entity's obligation to provide them. VCTC reserves the right to require complete copies of all required insurance policies at any time.
- iii. Notice of Cancellation of Coverage. An endorsement shall be attached to all Commercial General Liability and Automobile Liability insurance obtained pursuant to the Agreement stating that coverage shall not be suspended, voided, canceled by either party, except after thirty (30) days' prior written notice by mail, return receipt requested, has been given to Design/Build Entity. In the event that any coverage required by this section is cancelled, Design/Build Entity shall provide written notice to VCTC at Design/Build Entity's earliest possible opportunity and in no case later than ten (10) working days after Design/Build Entity is notified of the change in coverage.

- iv. Additional insured; primary insurance. VCTC and its officers, employees, agents, and volunteers, and those of VCTC's partner agencies, employees, agents, and volunteers, shall be covered on the General Liability and Automobile Liability policies as additional insureds with respect to each of the following: liability arising out of activities performed by or on behalf of Design/Build Entity, including VCTC's general supervision of Design/Build Entity; products and completed operations of Design/Build Entity, as applicable; premises owned, occupied, or used by Design/Build Entity; and automobiles owned, leased, or used by the Design/Build Entity in the course of providing services pursuant to the Agreement. The coverage shall contain no special limitations on the scope of protection afforded to VCTC or its officers, employees, agents, or volunteers.

1.1.6 An endorsement must be attached to all policies stating that coverage is primary insurance with respect to VCTC and its officers, officials, employees and volunteers, and that no insurance or self-insurance maintained by VCTC shall be called upon to contribute to a loss under the coverage.

1.1.7 Deductibles and Self-Insured Retentions. Design/Build Entity shall disclose to and obtain the approval of VCTC for the self-insured retentions and deductibles before beginning any of the services or work called for by any term of the Agreement. Further, if the Design/Build Entity's insurance policy includes a self-insured retention that must be paid by a named insured as a precondition of the insurer's liability, or which has the effect of providing that payments of the self-insured retention by others, including additional insureds or insurers do not serve to satisfy the self-insured retention, such provisions must be modified by special endorsement so as to not apply to the additional insured coverage required by the agreement so as to not prevent any of the parties to the agreement from satisfying or paying the self-insured retention required to be paid as a precondition to the insurer's liability. Additionally, the certificates of insurance must note whether the policy does or does not include any self-insured retention and also must disclose the deductible.

1.1.8 During the period covered by the Agreement, only upon the prior express written authorization of VCTC Representative, Design/Build Entity may increase such deductibles or self-insured retentions with respect to VCTC, its officers, employees, agents, and volunteers.

1.1.9 VCTC Representative may condition approval of an increase in deductible or self-insured retention levels with a requirement that Design/Build Entity procure a bond, guaranteeing payment of losses and related investigations, claim administration, and defense expenses that is satisfactory in all respects to each of them.

1.1.9 Subcontractors. Design/Build Entity shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverages for Subcontractors shall be subject to all requirements stated herein.

1.1.10 Variation. VCTC may approve a variation in the foregoing insurance requirements, upon a determination that the coverage, scope, limits, and forms of such insurance are either not commercially available, or that VCTC's interests are otherwise fully protected.

1.1.11 Remedies. In addition to any other remedies VCTC may have if Design/Build Entity fails to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, VCTC may, at its sole option exercise any of the following remedies, which are alternatives to other remedies VCTC may have and are not the exclusive remedy for Design/Build Entity's breach:

Obtain such insurance and deduct and retain the amount of the premiums for such insurance from any sums due under the Agreement;

Order Design/Build Entity to stop work under the Agreement or withhold any payment that becomes due to Design/Build Entity hereunder, or both stop work and withhold any payment, until Design/Build Entity demonstrates compliance with the requirements hereof; and/or terminate the Agreement
