Ventura County Transportation Commission

Proposed Overall Disadvantaged Business Enterprise Goal and Methodology Federal Fiscal Years 2025 – 2027

I. Summary

On September 7, 2021, the Ventura County Transportation Commission (VCTC) adopted an Overall Disadvantaged Business Enterprise (DBE) goal of 3.57% for federally funded transit project contracts scheduled to be awarded in federal fiscal years (FFYs) 2022 – 2024. The overall goal of 3.57% consisted of a race- and gender-neutral goal of 1.48% and race- and gender-conscious goal of 2.09%. The DBE goal applies to VCTC and its five sub-recipients: City of Camarillo, City of Ojai, City of Oxnard, City of Thousand Oaks and the Area Agency on Aging. Because the current program expires on September 30, 2024, VCTC has developed a proposed new Overall DBE Goal for the next three-year period that begins October 1, 2024 and ends September 30, 2027.

Based on information described in this report, VCTC should consider the following:

- Adopt an Overall DBE Goal of 1.34% for FFYs 2025 – 2027.
- Use narrowly tailored DBE contract goals to help meet the proposed Overall DBE Goal for FFYs 2025 – 2027.
- Set the race- and gender-neutral goal at 0.65% and the race- and gender-conscious goal at 0.69% (total of 1.34%) for FFYs 2025 – 2027.

II. Background

The United States Department of Transportation (USDOT) requires recipients of USDOT funds to establish DBE goals to ensure that small, disadvantaged business enterprises (DBE) can compete fairly for federally funded transportation-related projects. FTA requires the development of an overall triennial DBE goal when FTA funding recipients anticipate awarding more than \$250,000 in FTA funds in prime contracts (excluding transit vehicle purchases) in a federal fiscal year. Because VCTC serves as the designated recipient of federal transit funds for VCTC and the cities of Camarillo, Ojai, Oxnard, Thousand Oaks and the Area Agency on Aging, VCTC is required to adopt a triennial DBE Goal.

USDOT has established a two-step process to assist funding recipients to calculate the DBE goal¹. Step 1 of the goal setting process is to estimate the relative availability of DBEs

¹ US Department of Transportation, Tips for Goal Setting in the Disadvantaged Business Enterprise (DBE) Program, Updated December 22, 2014. <https://www.transportation.gov/osdbu/disadvantaged-business-enterprise/tips-goal-setting-disadvantaged-business-enterprise>

to perform the types of contracts that VCTC and its sub-recipients intend to award. In other words, the analysis is an attempt to estimate the percentage of DBEs firms that are ready, willing and able to compete for DOT-assisted funded contracts. Step 2 of the goal setting calculation process is intended to adjust the base figure calculated in Step 1 to make it as precise as possible. Under the rule, all evidence available should be used to determine whether such an adjustment is necessary. If the evidence does not suggest such an adjustment is necessary, then no adjustment should be made.

III. DBE Goal Setting Methodology

As noted in section II (Introduction), the DBE goal was calculated using the two-step process described in the "Tips for Goal Setting" guidance provided by USDOT. In Step One a Base Figure was calculated that shows the relative availability of DBEs by dividing the number of DBE firms that are *ready, willing, and able* to compete for project contracts by the number of all firms (DBEs and non-DBEs) *ready, willing and able* to compete for project contracts. The calculation is summarized in the equation below:

$$\text{Step One Base Figure} = \frac{\text{Ready, willing and able DBEs}}{\text{All ready, willing and able businesses (Including DBEs and Non – DBEs)}}$$

In Step Two the Base Figure was analyzed to determine if it requires adjustment upward or downward or left as is. Step One is described in more detail in section IV, and Step Two is described in section V.

IV. Step One: Calculating the Base (DBE Goal) Figure

Six separate activities were conducted to complete Step One:

- a) Determine the Local Market Area.
- b) Develop a list of federal transit projects scheduled to be awarded in FFYs 2025 – 27.
- c) Assign North American Industry Classification System (NAICS) codes to projects.
- d) Obtain the number of DBE firms *ready, willing and able* to compete for projects contracts in FFYs 2025 – 27.
- e) Obtain the number of all firms (DBEs and non-DBEs) *ready, willing and able* to compete for project contracts in FFYs 2025 – 27.
- f) Calculate the relative availability of DBEs and the Weighted Base Figure which represents the final calculation for Step One.

IV (a) The Local Market Area

The boundaries of the local market area were determined based on where most of the companies that submitted bids and awarded contracts in past years were located. Bidder and awardee data from FFYs 2011/12 through 2022/23 were used to determine the local market area (see Bidder's List in Attachment 1). Firms were counted only once

even if they submitted more than one bid and/or were awarded more than one contract over the years. As with previous programs, the local market area was determined to be Ventura and Los Angeles counties since 59.1% of the firms are in these two counties. Table 1 summarizes the location of the firms.

Table 1: Location of Bidders and Awardees

Business Location	Total Businesses	Percent of Total
Ventura County	33	26.0%
Los Angeles County	42	33.1%
Other CA counties ¹	30	23.6%
Outside California ²	22	17.3%
Total	127	100.0%

¹Total of 10 counties; ²Total of 12 states and 1 European country

IV (b) Projects Scheduled for Award in FFYs 2025 – 2027

Table 2 lists the federal transit projects scheduled to be awarded in FFYs 2025 - 2027. The total amount of funds assigned to these projects is \$35,752,000. Dollar amounts listed in the table represent federal funds only. Other project funds are excluded as per federal guidelines.

Table 2: Project Contracts Scheduled to be Awarded in FFYs 2025 – 2027

Awarding Agency	Project ID	Project Description	Anticipated Award FFY	Anticipated Federal Dollars
Area Agency on Aging	VEN051005	Medi-Ride Operating Assistance	2024/25	\$250,000
			2025/26	\$250,000
			2026/27	\$250,000
City of Moorpark	VEN101104	Dial-A-Ride Vehicle Capital Lease and Maintenance	2024/25	\$150,000
			2026/27	\$75,000
	VEN201003	On-Demand Rideshare Service	2024/25	\$262,000
			2025/26	\$262,000
			2026/27	\$262,000
	VEN121003	Operating Assistance for Moorpark Buses Fixed Route and Paratransit	2024/25	\$385,000
			2026/27	\$195,000

Table 2 (continued)

Table 2 (continued)				
Awarding Agency	Project ID	Project Description	Anticipated Award FFY	Anticipated Federal Dollars
City of Thousand Oaks	VEN030612	Dial-A-Ride and Fixed-Route Service – Capital Lease Thousand Oaks Transit	2024/25	\$240,000
			2026/27	\$120,000
	VEN110602	Transit Planning and Outreach Education for Thousand Oaks Transit	2024/25	\$225,000
			2025/26	\$225,000
			2026/27	\$225,000
	VEN150603	Operating Assistance – Paratransit Capital Thousand Oaks Transit	2024/25	\$100,000
			2026/27	\$50,000
	VEN150623	Operating Assistance – Thousand Oaks Transit Beach Bus Service	2024/25	\$50,000
			2025/26	\$50,000
			2026/27	\$50,000
	VEN170111	New Technologies including New Electronic Dispatch, Automated Stop Annunciators, Transit Reporting Software, and projects to be determined	2024/25	\$150,000
			2025/26	\$150,000
			2026/27	\$150,000
	VEN201002	City of Thousand Oaks Operating Assistance	2024/25	\$2,966,000
			2026/27	\$1,483,000
	VEN051005	Weekend Intercity Senior/ADA Service	2024/25	\$150,000
			2026/27	\$75,000
		Senior Dial-A-Ride Intercity Service	2024/25	\$150,000
			2026/27	\$75,000
	VEN191103	Thousand Oaks Electric Bus Charging Station	2024/25	\$2,050,000
	VEN211004	Replacement Bus Washer	2024/25	\$771,000
	VEN030612	Thousand Oaks Vehicle Lease	2024/25	\$240,000
			2026/27	\$120,000
VCTC	VEN130803	Operating Assistance and Maintenance for Heritage Valley Express Transit Service	2026/27	\$3,000,000
	VEN150602	Operating Assistance and Maintenance – VCTC Intercity	2024/25	\$3,659,000
			2026/27	\$12,000,000
	VEN230902	Camarillo Metrolink Station ADA Improvements	2024/25	\$2,400,000
	VEN54070	Transit Outreach Activities	2025/26	\$1,272,000
	VEN121002	Fare Collection / Ridership / AVL Equipment and Maintenance	2024/25	\$1,020,000
			2025/26	\$195,000
TOTAL				\$35,752,000

IV (c) NAISC Codes Assigned to Projects

NAICS Codes² were assigned to projects as provided in Table 3 to help identify businesses that are “ready, willing and able” compete for the future contracts.

Table 3: NAICS Codes Assigned to Scheduled Project Contracts

Awarding Agency	Project Name	Anticipated Federal Dollars	6-Digit NAICS Codes	NAICS Code Description
Area Agency on Aging	Medi-Ride Operating Assistance	\$750,000	485991	Special Needs Transportation
City of Moorpark	Dial-A-Ride Vehicle Capital Lease and Maintenance	\$225,000	485991	Special Needs Transportation
	On-Demand Rideshare Service	\$786,000	485310	Taxi and Ridesharing Services
	Operating Assistance for Moorpark Buses Fixed Route and Paratransit	\$580,000	485113	Bus and Other Motor Vehicle Transit Systems
City of Thousand Oaks	Dial-A-Ride and Fixed-Route Service – Capital Lease Thousand Oaks Transit	\$360,000	485113	Bus and Other Motor Vehicle Transit Systems
	Transit Planning and Outreach Education for Thousand Oaks Transit	\$675,000	541613	Marketing Consulting Services
	Operating Assistance – Paratransit Capital Thousand Oaks Transit	\$150,000	485991	Special Needs Transportation
	Operating Assistance – Thousand Oaks Transit Beach Bus Service	\$150,000	485113	Bus and Other Motor Vehicle Transit Systems
	New Technologies including New Electronic Dispatch, Automated Stop Annunciators, Transit Reporting Software, and projects to be determined	\$450,000	541512	Computer Systems Design Services
	City of Thousand Oaks Operating Assistance	\$4,449,000	485113	Bus and Other Motor Vehicle Transit Systems
	Weekend Intercity Senior/ADA Service	\$225,000	485991	Special Needs Transportation
	Senior Dial-A-Ride Intercity Service	\$225,000	485991	Special Needs Transportation

² North American Industry Classification System (NAICS) is an industry classification system that groups establishments into industries based on the similarity of their production processes. It is a comprehensive system covering all economic activities. There are 20 sectors and 1,012 industries in 2022 NAICS United States.

Table 3 (continued)

Awarding Agency	Project Name	Anticipated Federal Dollars	6-Digit NAICS Codes	NAICS Code Description
City of Thousand Oaks	Thousand Oaks Electric Bus Charging Infrastructure	\$2,050,000	335999	All Other Miscellaneous Electrical Equipment and Component Manufacturing
	Replacement Bus Washer for Thousand Oaks Transit	\$771,000	811192	Car Washes
	Thousand Oaks Vehicle Lease	\$360,000	485113	Bus and Other Motor Vehicle Transit Systems
Ventura County Transportation Commission (VCTC)	Operating Assistance and Maintenance for Heritage Valley Express Transit Service	\$3,000,000	485113	Bus and Other Motor Vehicle Transit Systems
	Operating Assistance and Maintenance – VCTC Intercity	\$15,659,000	485113	Bus and Other Motor Vehicle Transit Systems
	Camarillo Metrolink Station ADA Improvements (see Table 4a)	\$2,400,000	Various	Various (see Table 4a)
	Transit Outreach Activities	\$1,272,000	541613	Marketing Consulting Services
	Fare Collection / Ridership / AVL Equipment and Maintenance	\$1,215,000	541512	Computer Systems Design Services
TOTAL		\$35,752,000		

Subcontracting opportunities for VCTC's Camarillo Metrolink Station ADA Improvements project are listed in Table 3a on the next page.

Projects were further aggregated by NAICS Code Industry as presented in Table 4 to assist with the analysis.

IV (d) DBE Firms Ready, Willing and Able to Compete for Contracts

DBE firms *ready, willing and able* to perform the anticipated work were identified using the California Unified Certification Program (CUCP) Statewide DBE Directory³. NAICS Codes were used to identify DBE firms that indicated their willingness to work in the Local Market Area (Ventura and Los Angeles counties) and able to perform the proposed work. A total of 977 DBE firms were identified by NAICS code and presented on Table 5. Names and addresses of the DBE firms are provided in Attachment 2 titled "DBE Directory."

³Note: The Caltrans DBE Directory uses 2017 NAICS codes; However, 2017 and 2022 NAISC codes are the same for projects listed in this report. <https://californiaucp.dbesystem.com/>

Table 3a: NAICS Codes Assigned to Subcontracting Opportunities for the Camarillo Metrolink Station ADA Improvements Project

Contract/Subcontract Opportunities	Anticipated Federal Dollars	6-Digit NAICS Codes	NAICS Code Description
Non-Subcontracting Opportunities			
Camarillo Metrolink Station ADA Improvements	\$1,920,000	236220	Commercial and Institutional Building Construction
Subcontracting Opportunities			
Striping	\$30,000	237310	Highway, Street and Bridge Construction (painting parking lot lines/traffic lanes)
Station Equipment Repairs	\$125,000	238290	Other Building Equipment Contractors
Pavement Repairs	\$200,000	238990	All Other Specialty Trade Contractors
Railing and Fencing Improvements	\$75,000	238990	All Other Specialty Trade Contractors
Signage	\$20,000	339950	Sign Manufacturing
Construction Survey	\$30,000	541370	Surveying and Mapping
Project Total	\$2,400,000		

Note: It is assumed that subcontracting opportunities amount to 20% of the total federal project cost (20% x \$2,400,000 = \$480,000).

Table 4: Anticipated Project Contracts Aggregated by NAICS Industry Group

4-Digit NAICS Codes	NAICS Industry Group	Anticipated Federal Dollars
2362	Nonresidential Building Construction	\$1,920,000
2373	Highway, Street and Bridge Construction	\$30,000
2382	Other Building Equipment Contractors	\$125,000
2389	All Other Specialty Trade Contractors	\$275,000
3359	Other Electrical Equipment and Component Manufacturing	\$2,050,000
3399	Other Miscellaneous Manufacturing	\$20,000
4851	Urban Transit Systems	\$24,558,000

Table 4 (continued)

4-Digit NAICS Codes	NAICS Industry Group	Anticipated Federal Dollars
4853	Taxi and Limousine Services	\$786,000
4859	Other Transit and Ground Passenger Transportation	\$1,575,000
5413	Architectural, Engineering and Related Services	\$30,000
5415	Computer Systems Design and Related Services	\$1,665,000
5416	Management, Scientific and Technical Consulting Services	\$1,947,000
8111	Automotive Repair and Maintenance	\$771,000
TOTAL		\$35,752,000

Table 5: DBE Firms Ready, Willing, and Able to Compete for Contracts

Geographic Area	4-Digit NAICS Code	NAICS Industry Group	Total Establishments
Ventura and Los Angeles Counties	2362	Nonresidential Building Construction	78
Ventura and Los Angeles Counties	2373	Highway, Street and Bridge Construction	60
Ventura and Los Angeles Counties	2382	Other Building Equipment Contractors	62
Ventura and Los Angeles Counties	2389	All Other Specialty Trade Contractors	79
Ventura and Los Angeles Counties	3359	Other Electrical Equipment and Component Manufacturing	2

Ventura and Los Angeles Counties	5416	Management, Scientific and Technical Consulting Services	391
Ventura and Los Angeles Counties	8111	Automotive Repair and Maintenance	16
Total			977

IV (e) All Firms (Non-DBEs and DBEs) Ready, Willing and Able to Compete for Contracts

The total number of all firms (including DBEs) *ready, willing and able* to perform the anticipated contracts by NAICS code was obtained from the U.S. Census Bureau.⁴ A total of 34,500 firms located within the Local Market Area were identified as presented in Table 6. Because the Census Bureau data is based on the 4-digit NAICS code industry group, the DBE data presented in Table 5 is also based on 4-digit NAICS codes.

**Table 6: All Firms (DBEs and Non-DBEs)
Ready, Willing, and Able to Compete for Contracts**

Geographic Area	4-Digit NAICS Code	NAICS Code Description	Total Establishments
Ventura and Los Angeles Counties	2362	Nonresidential Building Construction	1,133
Ventura and Los Angeles Counties	2373	Highway, Street and Bridge Construction	90
Ventura and Los Angeles Counties	2382	Other Building Equipment Contractors	5,547
Ventura and Los Angeles Counties	2389	All Other Specialty Trade Contractors	1,092
Ventura and Los Angeles Counties	3359	Other Electrical Equipment and Component Manufacturing	90
Ventura and Los Angeles Counties	3399	Other Miscellaneous Manufacturing	593
Ventura and Los Angeles Counties	4851	Urban Transit Systems	51
Ventura and Los Angeles Counties	4853	Taxi and Limousine Services	214
Ventura and Los Angeles Counties	4859	Other Transit and Ground Passenger Transportation	259
Ventura and Los Angeles Counties	5413	Architectural, Engineering and Related Services	4,209
Ventura and Los Angeles Counties	5415	Computer Systems Design and Related Services	4,933
Ventura and Los Angeles Counties	5416	Management, Scientific and Technical Consulting Services	11,172
Ventura and Los Angeles Counties	8111	Automotive Repair and Maintenance	5,117
Total			34,500

⁴ U.S. Census Bureau, 2020 County Business Patterns (CBP) and Nonemployer Statistics (NES) Combined Report (only CBP data was included). Data available here: <https://www.census.gov/data/tables/2020/econ/nonemployer-statistics/2020-combined-report.html>

IV (f) Relative Availability of DBE Firms and Weighted Base Figure

Step 1 of the goal setting process is to estimate the percentage of DBEs firms that are ready, willing and able to compete for DOT-assisted funded contracts by calculating the:

1. Weight of each type of work by NAICS Code.
2. Relative availability of DBEs by NAICS Code.
3. Weighted availability Base Figure.

Table 7 presents the weight of each work type based on NAICS code and federal funds assigned to projects. Transit operations account for 75.3% of total federal funds.

Table 7: Weight by NAICS Industry Group

4-Digit NAICS Codes	NAICS Industry Group	US DOT Funding Totals	% of Total US DOT funds (weight)
2362	Nonresidential Building Construction	\$1,920,000	5.37%
2373	Highway, Street and Bridge Construction	\$30,000	0.08%
2382	Other Building Equipment Contractors	\$125,000	0.35%
2389	All Other Specialty Trade Contractors	\$275,000	0.77%
3359	Other Electrical Equipment and Component Manufacturing	\$2,050,000	5.73%
3399	Other Miscellaneous Manufacturing	\$20,000	0.06%
4851	Urban Transit Systems	\$24,558,000	68.69%
4853	Taxi and Limousine Services	\$786,000	2.20%
4859	Other Transit and Ground Passenger Transportation	\$1,575,000	4.40%
5413	Architectural, Engineering and Related Services	\$30,000	0.08%
5415	Computer Systems Design and Related Services	\$1,665,000	4.66%
5416	Management, Scientific and Technical Consulting Services	\$1,947,000	5.45%
8111	Automotive Repair and Maintenance	\$771,000	2.16%
TOTAL		\$35,752,000	100%

The unweighted relative availability of DBEs is presented in Table 8 and estimated at 2.83%.

Table 8: Unweighted Relative Availability of DBEs

4-Digit NAICS Code	NAICS Industry Group	Number of DBEs available to perform this work	Number of all firms available (including DBEs)	Relative Availability
2362	Nonresidential Building Construction	78	1,133	6.88%
2373	Highway, Street and Bridge Construction	60	90	66.67%
2382	Other Building Equipment Contractors	62	5,547	1.12%
2389	All Other Specialty Trade Contractors	79	1,092	7.23%
3359	Other Electrical Equipment and Component Manufacturing	2	90	2.22%
3399	Other Miscellaneous Manufacturing	6	593	1.01%
4851	Urban Transit Systems	1	51	1.96%
4853	Taxi and Limousine Services	0	214	0.00%
4859	Other Transit and Ground Passenger Transportation	5	259	1.93%
5413	Architectural, Engineering and Related Services	193	4,209	4.59%
5415	Computer Systems Design and Related Services	84	4,933	1.70%
5416	Management, Scientific and Technical Consulting Services	391	11,172	3.50%
8111	Automotive Repair and Maintenance	16	5,117	0.31%
COMBINED TOTALS		977	34,500	2.83%

U.S. DOT further recommends that DBE availability be weighted by the amount of federal funds assigned to projects to improve the accuracy of the Base Figure calculation. The weighted availability of DBEs is estimated at 2.32% as presented in Table 9 which is a slight reduction from the unweighted estimate of 2.83%. The weighted base figure is less than the existing DBE Goal weighted base figure of 5.0% because: bus operations accounts for a greater percentage of the federal funds (79.85%) when compared to the currently adopted DBE program (49%); and there are only two available DBE bus operators.

Table 9: Weighted Availability of DBEs

4-Digit NAICS Codes	NAICS Industry Group	Weight	x	Availability	Weighted Base Figure
2362	Nonresidential Building Construction	5.37%	x	6.88%	0.37%
2373	Highway, Street and Bridge Construction	0.08%	x	66.67%	0.05%
2382	Other Building Equipment Contractors	0.35%	x	1.12%	0.00%
2389	All Other Specialty Trade Contractors	0.77%	x	7.23%	0.06%
3359	Other Electrical Equipment and Component Manufacturing	5.73%	x	2.22%	0.13%
3399	Other Miscellaneous Manufacturing	0.06%	x	1.01%	0.00%
4851	Urban Transit Systems	68.69%	x	1.96%	1.35%
4853	Taxi and Limousine Services	2.20%	x	0.00%	0.00%
4859	Other Transit and Ground Passenger Transportation	4.40%	x	1.93%	0.08%
5413	Architectural, Engineering and Related Services	0.08%	x	4.59%	0.00%
5415	Computer Systems Design and Related Services	4.66%	x	1.70%	0.08%
5416	Management, Scientific and Technical Consulting Services	5.45%	x	3.50%	0.19%
8111	Automotive Repair and Maintenance	2.16%	x	0.31%	0.01%
Weighted Base Figure:					2.32%

V. Step Two: Adjusting the Base Figure as Needed

Step Two of the DBE goal setting process is to evaluate the weighted estimate calculated in Step One to determine if the Base Figure requires further refinement. The following factors were considered as part of the Step Two evaluation process:

- Past participation of DBEs in contract awards including the median participation of DBEs in the previous five years.
- Comparing proposed projects to previously awarded contracts, Bidder's List and the DBE Directory to estimate DBE participation in the following three-year period based on race- and gender-neutral measures.
- LA Metro Disparity Study conducted in the Local Market Area including marketplace conditions.
- Data on employment, self-employment education and training, and union

apprenticeship programs in the Local Market Area.

V (a) Past Participation of DBEs

The actual percentage of federal funds awarded to DBEs in FFY 2020, 2021 and 2022 is presented in Table 10. U.S. DOT recommends using the median (calculated by taking the “middle” value) to estimate past participation of DBEs; therefore, past participation is calculated at 1.34%.⁵ Data in Table 10 represent revisions to previously submitted reports to U.S. DOT reports to conform with Triennial Review findings that changed the reporting of DBE participation to the year that contracts are awarded rather than when funds are utilized. DBE participation in FFY 2020 was obtained through race- and gender-neutral measures, and DBE participation in FFY 2021 was obtained through race- and gender-conscious measures.

**Table 10: DBE Median Past Participation
in Federal Transit Contracts**

Federal Fiscal Year	DBE Participation
2020	1.34%
2021	2.27%
2022	0.00%
Median	1.34%

V (b) Comparing Proposed Projects with Projects Awarded in Past Years

Projects proposed for funding in the next three years (Table 2) were compared with project contracts awarded in recent years of similar work type to estimate DBE participation based on race- and gender-neutral measures. Data for the analysis was obtained from agency contract awards, Bidder's List (Attachment 1), and the DBE Directory (Attachment 2) for similar projects.

Table 11 summarizes the results of the analysis which estimates DBE participation at 0.65% based on race- and gender-neutral measures (no contract goals).

⁵ Note: DBE Participation in FFY 2023 was 0%.

Table 11: Estimated FFYs 2022 – 2024 DBE Participation through Race- and Gender-Neutral Measures

4-Digit NAICS Codes	NAICS Industry Group	Anticipated Contract Totals¹	Estimated Non-DBE Participation	Estimated Neutral DBE Participation	Est.% Neutral DBE
2362	Nonresidential Building Construction	\$1,920,000	\$1,920,000	\$0	0%
2373	Highway, Street and Bridge Construction	\$30,000	\$30,000	\$0	0%
2382	Other Building Equipment Contractors	\$125,000	\$125,000	\$0	0%

TOTAL		\$35,752,000	\$35,518,360	\$233,640	0.65%

V (c) LA Metro Disparity Study

The Los Angeles County Metropolitan Transportation Authority (LA Metro) completed a disparity study⁶ to evaluate whether person of color (POC)- and woman-owned businesses face any barriers in the Los Angeles County Metropolitan Transportation Authority (LACMTA's or Metro's) construction, professional services, and nonprofessional services and goods contracts and procurements. The disparity study examined whether there are any disparities, or differences between:

- The percentage of contract and procurement dollars Metro awarded to POC- and woman-owned businesses during the study period, which was January 1, 2016 to December 31, 2021 (i.e., utilization, or participation); and

⁶ LA Metro, 2023 Metro Disparity Study (BBC Research and Consulting), December 2023.

- The percentage of contract and procurement dollars one might expect Metro to award to POC- and woman-owned businesses based on their availability to perform specific types and sizes of Metro contracts and procurements (i.e., availability).

The purpose of the disparity study was to assess whether any disparities exist between the participation of POC- and woman-owned businesses in Metro work and the availability of those businesses for that work.⁷

The report explains that if Metro determines that it is appropriate to use race- and gender-conscious measures to address substantial disparities (e.g., awarding individual contracts and procurements with the use of POC- and woman-owned business participation goals), then the agency can rely on information from the disparity study to help ensure its use of such measures adheres to the strict scrutiny and intermediate scrutiny standards of constitutional review, respectively.⁸

The study found that most POC-owned business groups showed substantial disparities for many of the contract and procurement sets shown in Table 12 with the exception of Black American-owned businesses. Black American-owned businesses showed substantial disparities for all work considered together, as well as for prime contracts, for professional services projects, and for non-USDOT funded work, but did not show substantial disparities for any other projects sets presented in Table 12. Similarly, white woman-owned businesses showed substantial disparities for prime contracts, professional services projects, and non USDOT-funded work, but did not show substantial disparities for any other project sets presented in Table 12. Substantial disparities indicate inferences of discrimination against relevant POC- and woman-owned business groups in the Los Angeles County marketplace and as part of Metro's contracting and procurement.⁹

Table 12: Substantial Disparities Observed for LA Metro Work¹⁰

⁷ Ibid., Chapter ES, p 2.

⁸ Ibid., Chapter ES, p 1.

⁹ Ibid., Chapter ES, p 4.

¹⁰ Ibid., Figure ES-5, Chapter ES, p 5.

An analyses of marketplace conditions in Los Angeles County conducted as part of the study indicate that POCs and women face various barriers in industries relevant to Metro's contracting and procurement. Existing research and primary research conducted "indicate that disparities exist in acquiring human capital, accruing financial capital, owning businesses, and operating successful businesses. In many cases, there is evidence those disparities exist even after accounting for various personal and business factors. There is also evidence that many disparities are due—at least, in part—to race- or gender-based discrimination. Barriers in the marketplace likely have important effects on the ability of POCs and women to start businesses in relevant industries—construction, professional services, goods and other services, and transit services—and to operate those businesses successfully. Any difficulties those individuals face in starting and operating businesses may reduce their availability for government work and the degree to which they are able to successfully compete for such projects."¹¹

V (d) Data on employment, self-employment education and training, and union apprenticeship programs

Employment

Table 13 presents the annual number of persons employed in Ventura and Los Angeles counties from 2013 to 2023. The data shows that both counties enjoyed a steady growth in annual employment from 2013 to 2018, with both counties experiencing a significant drop in employment in 2020 during the COVID 19 Pandemic. The number of employed grew in 2021 and 2022 in both counties but the number of persons employed in 2023 remains lower than 2019 before the Pandemic.

**Table 13: Annual Employment
Ventura and Los Angeles Counties 2013 - 2023¹²**

Year	Ventura County		Los Angeles County	
	No. of Employed	%Change	No. of Employed	%Change
2013	397,900		4,471,400	
2014	400,300	0.60%	4,572,200	2.25%
2015	403,000	0.67%	4,641,100	1.51%
2016	403,100	0.02%	4,751,200	2.37%
2017	404,500	0.35%	4,864,100	2.38%
2018	406,900	0.59%	4,882,300	0.37%
2019	406,200	-0.17%	4,917,700	0.73%
2020	374,300	-7.85%	4,363,300	-11.27%

¹² Source: Employment Development Department, Local Area Profiles, available here <https://labormarketinfo.edd.ca.gov/cgi/databrowsing/localAreaProQSSelection.asp?menuChoice=localAreaPro&selectedindex=>

2021	381,400	1.90%	4,558,900	4.48%
2022	395,800	3.78%	4,764,500	4.51%
2023	395,300	-0.13%	4,763,600	-0.02%

The 2019 Caltrans FTA Disparity Study investigated whether race/ethnicity or gender affects rates of self-employment (business ownership) among workers in the local transit-related professional services and goods and services industries. The analyses revealed that, even after accounting for various race- and gender-neutral characteristics:

- Being Black American, Asian Pacific American, Subcontinent Asian American, or Hispanic American was associated with lower rates of business ownership than being non-Hispanic white in the professional services industry. Being a woman was also associated with lower rates of business ownership than being a man in the professional services industry; and
- Being Black American or Hispanic American was associated with lower rates of business ownership than being non-Hispanic white in the goods and services industry.¹³

Self-Employment Education and Training

There are several self-employment education and training course programs available in Ventura and Los Angeles Counties. Listed below are just a few of the available options obtained by searching online.

- **Small Business Administration** offers a series of free self-paced online courses that cover a variety of business basics. Website: <https://www.sba.gov/learning-center>
- **California Small Business Development Center (SBDC) Network** provides small businesses and entrepreneurs with confidential, no-cost, one-on-one advising, expert training and a wide business network. The Los Angeles Regional SBDC network assists small business owners in Los Angeles, Santa Barbara, and Ventura counties. Website: <https://smallbizla.org/about/>
- **Business Forward Ventura County** hosts a network of support and direct technical assistance providers designed to help businesses start, grow and prosper. Website: <https://businessforwardvc.com/business-resource-providers/>
- **Women's Economic Ventures** programs combine classroom training, capital and individual technical assistance to support the small business entrepreneur through start-up, stabilization and growth phases. Website: <https://www.wevonline.org/>
- **SCORE** is a nonprofit dedicated to helping small businesses get off the ground, grow and achieve their goals through education and mentorship. Website:

¹³ Caltrans Disadvantaged Business Enterprise (DBE) Program Proposed Three-Year Overall Goal & Methodology for Federal Fiscal Years 2020 through 2022, p. 5.

<https://www.score.org/>

- **My Own Business, Inc.** is a nonprofit organization that provides free online businesses courses including training for established small businesses to grow and expand their businesses. Website: <https://www.scu.edu/mobi/>

Union Apprenticeship Programs

There are several unions and affiliated organizations that sponsor paid on-the-job training and, in some cases, classroom instruction. The California Department of Industrial Relations maintains a list of apprenticeship programs by county and occupation group available here: <http://www.dir.ca.gov/databases/das/aigstart.asp>

Listed below are just a few of the available options obtained by searching online.

- **International Brotherhood of Electrical Workers (IBEW) Local 952** of Ventura County sponsors a paid apprenticeship program that combines on-the-job training with classroom instruction. Website: https://www.ibewlu952.org/?zone=/unionactive/view_article.cfm&HomeID=673504&page=Apprenticeship
- **Los Angeles/Orange County Building Trades Council** sponsors “MC3” training programs throughout the Los Angeles and Orange counties that serve as a pathway to an apprenticeship with one of their affiliated union trades. Website: <http://laocbuildingtrades.org/apprenticeship-building-trades/>
- **Reinforcing Ironworkers Local 416** of Los Angeles offers a registered apprenticeship program and operates a training center. Website: <https://www.ironworkers416.org/news-details/news/how-to-apply/14460>

VI. Proposed DBE Goal for FFYs 2025 – 2027

Based on the information in Section V (Step Two Adjustment), VCTC should consider the following:

- Adopt an Overall DBE Goal of 1.34% for FFYs 2025 – 2027 based on the median past participation of DBEs presented in Table 10. The weighted Base Figure of 2.32% calculated in Table 9 appears too high given the limited availability of DBE's available to perform the type of work to be awarded in the next three years (including bus operations that comprise 80% of total federal funds), past participation of DBE's, and limited subcontracting opportunities estimated at \$450,000 over the three-year period.
- Use narrowly tailored DBE contract goals to help meet the proposed Overall DBE Goal for FFYs 2025 – 2027.

Set the race- and gender-neutral goal at 0.65% and the race- and gender-conscious goal at 0.69% (total of 1.34%). The race- and gender-neutral goal of 0.65% is based on projected race- and gender-neutral participation of DBEs for the next three years calculated in Table 11. The race- and gender-conscious goal of 0.69% was derived by subtracting the race- and gender-neutral goal of 0.65% from the median DBE past participation figure of 1.34% ($1.34\% - 0.65\% = 0.69\%$).

Federal regulations require that grant recipients meet the maximum feasible portion of the overall DBE Goal through race- and gender-neutral measures.¹⁴ Federal rules also require that contract goals be established to meet any portion of the overall DBE Goal that cannot be met through race- and gender-conscious measures alone. The following provisions apply to the use of contract goals:

- Contract goals may only be used on contracts that have subcontracting possibilities.
- Contract goals are not required on every project.
- The goal for a specific contract may be higher or lower than the percentage of the Overall Goal depending on such factors as the type of work involved, the location of the work, and the availability of DBEs for the work of the particular contract. However, over the period covered by the Overall Goal, grantees must set contract goals so that they will cumulatively result in meeting the portion of the overall goal projected not to be met through the use of race-neutral measures.
- Contract goals must provide for participation by all certified DBEs and must not be subdivided into group-specific goals.
- If during the course of any year in which contract goals are used it is determined that the Overall Goal will be exceeded, the use of contract goals must be reduced or eliminated to the extent necessary to ensure that the use of contract goals does not result in exceeding the Overall Goal. Conversely, if it is determined that the Overall Goal will not be met, then appropriate measures need to be taken to meet the Overall Goal.
- Contractors can meet DBE Goals by either making commitments at the time of bid to include certified subcontractor DBEs at the contract goal amount or by showing they made all reasonable good faith efforts when not being able to meet contract goals.

Federal law requires that DBE programs that include race- and gender-conscious measures meet the **strict scrutiny** standard of constitutional review. The LA Metro 2017 Disparity Study provides a good description of the strict scrutiny standard:¹⁵

“Strict scrutiny standard. An agency must meet both the compelling

¹⁴ 49 CFR Part 26.51(a)

¹⁵ LA Metro Disparity Study, Chapter 2, p. 5.

governmental interest and the narrow tailoring components of the strict scrutiny standard. A program that fails to meet either component is unconstitutional.

Compelling government interest. An agency must demonstrate a compelling governmental interest in remedying past identified discrimination in order to use race- or gender-conscious measures. An agency that uses race-or gender-conscious measures as part of a minority- or woman-owned business program has the initial burden of showing evidence of discrimination – including statistical and anecdotal evidence – that supports the use of such measures. Agencies cannot rely on national statistics of discrimination in an industry to draw conclusions about the prevailing market conditions in their own regions. It is not necessary for a government agency itself to have discrimination against minority- or woman-owned businesses for it to act.

Many agencies have used information from disparity studies – specifically, evidence of disparities between the participation and availability of minority- and women-owned businesses – as part of determining whether their contracting practices are affected by race- or gender-based discrimination.

Narrow tailoring. In addition to demonstrating a compelling governmental interest, an agency must also demonstrate that its use of race- and gender-conscious measures is narrowly tailored. There are a number of factors that courts consider when determining whether the use of such measures is narrowly tailored including:

- The necessity of such measures and the efficacy of alternative, race- and gender-neutral measures;
- The degree to which the use of such measures is limited to those groups that actually suffer discrimination in the local marketplace;
- The degree to which the use of such measures is flexible and limited in duration, including the availability of waivers and sunset provisions;
- The relationship of any numerical goals to the relevant business marketplace; and
- The impact of such measures on the rights of third parties."

Because Los Angeles County is part of the Local Market Area for the DBE Goal setting process, it is proposed that the results of the LA Metro Disparity Study be used to meet the compelling government interest scrutiny standard for using DBE race- and gender-conscious goals as part of VCTC's FFYs 2025 – 2027 DBE program.

It is further proposed that the narrow tailoring component of the scrutiny standard be met through the following measures:

- **Limit contract goals to projects with subcontracting opportunities.** VCTC staff would work with local agency grant recipients (subgrantees) to identify and select the projects that would include contract goals and the goal amounts.

- **Limit contract goals to groups that suffer discrimination in the Local Market Area.** Subcontracting opportunities listed in Table 3a are consistent with the type of contracts that the Metro Disparity Study identified as having disparities (construction and subcontracts as shown in Table 12).
- **Flexible measures and limited duration.** The proposed use of contract goals described in this report is limited to FFYs 2025 – 2027. Contract goals would vary to help meet the DBE Goal and would only apply to projects with subcontracting opportunities.
- **Numerical goals developed based on the relevant business marketplace.** The proposed overall DBE goal of 1.34% is based on the weighted availability of DBE's in the marketplace for the specific projects proposed in FFYs 2025 – 2027. The race- and gender-neutral goal of 0.65% is based on historical DBE participation for the type of projects proposed in FFYs 2025 – 2027, and the race- and gender-conscious goal of 0.69% is the difference between the Overall DBE Goal of 1.34% and the race- and gender-neutral goal of 0.65%.
- **DBE contract goals and the rights of third parties.** If a bidder on a prime contract cannot find sufficient certified DBE participation to meet a contract goal, the bidder can still be awarded the contract by documenting its good faith efforts to find DBE participation.

VII. Public Notice and Consultation Process

As part of the DBE goal setting process, VCTC is required to consult with persons and groups to obtain information concerning the availability of disadvantaged and non-disadvantaged businesses, the effects of discrimination on opportunities for DBEs, and VCTC efforts to establish a level playing field for the participation of DBEs.

The consultation process began June 26, 2024 when VCTC sent letters to 42 stakeholder organizations to inform them of the proposed DBE goal for FFYs 2025 – 2027, the various opportunities to comment on the goal and methodology, and the consultation/public notice schedule. The letter stated that following the consultation, VCTC will post a notice of the proposed overall goals, informing the public that the proposed goal and its rationale are available for inspection during normal business hours at our offices for 30 days following the date of the notice, and informing the public that VCTC and the DOT will accept comments on the goals for 30 days from the date of the notice. The consultation process was scheduled to end July 26, 2024; however, VCTC and DOT would continue to accept comments through September 1, 2024. A sample letter to stakeholders is provided in Attachment 3 on page 69, and the stakeholders list is provided in Attachment 4 on page 70. A link to the public notice posted on the VCTC website can be found here (add link). A screenshot of the web posting is provided in Attachment 5 on page 71.

Stakeholders were invited to a virtual meeting on TEAMS to discuss how the DBE participation goal is to be established. A link to the proposed goal and methodology

document was provided in the letter.

The virtual meeting was held Thursday, July 25th at 3:00 p.m. In addition to the virtual meeting, other opportunities to comment included:

- Additional meetings would be scheduled if requested.
- In person meetings.
- Mailing address, email address, and telephone number were provided.

Public Comments and Response to Comments

One person attended the meeting: Jasmin Kim, City of Oxnard. No input or comments were provided on VCTC's proposed DBE goal.

This document will be revised to summarize comments received through the end of the comment period including any changes made to the goal and/or the DBE Goal methodology and report based on public comments.

Sample Letter to Stakeholders

June 26, 2024 - Postal mail (returned) and July 11, 2024 - E-mail

To Whom It May Concern:

The Ventura County Transportation Commission (VCTC) has established a Disadvantaged Business Enterprise (DBE) program in accordance with regulations of the U.S. Department of Transportation (DOT), 49 CFR Part 26. VCTC has received Federal financial assistance from the Department of Transportation, and as a condition of receiving this assistance, VCTC has signed an assurance that it will comply with 49 CFR Part 26 to ensure that DBEs have an equal opportunity to receive and participate in DOT-assisted contracts.

Every three years, VCTC is required to set an overall DBE goal that it must either meet or show that it used good faith efforts to meet, annually. VCTC has calculated its DBE goal for Federal Fiscal Years 2025, 2026 and 2027. The proposed goal is 1.34%, consisting of 0.65% race-neutral and 0.69% race-conscious. VCTC used a two-step process to determine this goal as identified in the Federal Transit Administration document "Tips for Goal Setting in the Disadvantaged Business Enterprise (DBE) Program". The two-step process creates a baseline figure for the relative availability of DBEs and then adjusts the base figure based upon additional evidence, including experience. The methodology used to calculate the initial baseline figure and any adjustments are explained in the attached report.

As part of the DBE goal-setting process, VCTC is consulting with persons and groups to obtain information concerning the availability of disadvantaged and non-disadvantaged businesses, the effects of discrimination on opportunities for DBEs, and VCTC efforts to establish a level playing field for the participation of DBEs.

Following the consultation, VCTC will post a notice of the proposed overall goals, informing the public that the proposed goal and its rationale are available for inspection during normal business hours at our offices for 30 days following the date of the notice, and informing the public that VCTC and the DOT will accept comments on the goals for 30 days from the date of the notice.

Our overall goal submission to DOT will include a summary of information and comments received during this public participation process and our responses.

As part of the consultation process, VCTC is inviting you to a virtual meeting on TEAMS to discuss how the DBE participation goal is to be established. To view the Draft DBE Goals and Methodology for FFY 25-27, click [HERE](#) and scroll to the bottom of the page.

This meeting will be held **Thursday, July 25th, at 3:00 p.m.** The meeting information is as follows:

Meeting Link: <http://bit.ly/3Rx07DF>
Meeting ID: 246 865 116 098
Passcode: vtUXTo

VCTC will also schedule meetings at other times if requested.

If you would like to submit written comments and/or questions, please mail them to:

Peter De Haan, Programming Director
751 E. Daily Drive, Suite 420
Camarillo, CA 93010

Comments and questions may also be sent via email at: pdehaan@goventura.org

The consultation process is scheduled to end on July 26, 2024; however, VCTC and DOT will continue to accept comments through September 1, 2024.

If you have any questions or would like to meet in person to consult with VCTC, please call Peter De Haan at (805) 642-1591, extension 106.

Sincerely,

Peter De Haan
Programming Director

Website Public Notice Screenshot

DBE Certification Information

The Ventura County Transportation Commission (VCTC) is required under federal law to adopt a Disadvantaged Business Enterprise (DBE) plan and goal for contracting opportunities to be funded with Federal Transit Administration (FTA) funds. The proposed overall DBE goal for FTA projects is 1.34% for fiscal years 24/25, 25/26 and 26/27. VCTC is proposing, based on actual recent DBE participation, to achieve 0.65% through race and gender-neutral means and 0.69% through gender and race-conscious means.

A description of how the goal was set is available [here](#). Both VCTC and FTA will accept comments on the proposed goal until August 31, 2024. Comments can be mailed to VCTC at 751 E. Daily Drive, Suite 420, Camarillo, CA 93010.
