Erin Kenneally, Transit Planner

- ITEM 1 CALL TO ORDER**
Chair Arroyo called the meeting to order at 1:00 p.m.
- ITEM 2 INTRODUCTIONS & ANNOUNCEMENTS**
Dale Goodman introduced himself as the Public Works Director for the City of Santa Paula. Claire Grasty announced the retirement of Jeni Eddington.
- ITEM 3 PUBLIC COMMENTS – None**
- ITEM 4 AGENDA ADJUSTMENTS – None**
- ITEM 5 ACCEPTANCE OF MINUTES**
The committee accepted the meeting minutes from the previous meeting.
- ITEM 6 HONOR 10-YEAR ANNIVERSARY**
Claire Grasty shared that VCTC staff would like to honor the 10-year anniversary of the Valley Express service.
- ITEM 7 FISCAL YEAR 2025-2026 VALLEY EXPRESS BUDGET**
Matt Miller provided a brief background of the transit system and administration. Claire Grasty shared that staff would return to the committee with a final draft including the carryover numbers that are currently unknown.
- ITEM 8 RIDERSHIP AND OUTREACH REPORT**
Erin Kenneally updated the committee on the Valley Express Transit Service ridership and community outreach including an in-person viewing of the updated vehicle graphics.

ITEM 9 COUNTYWIDE SHORT RANGE TRANSIT PLAN (UPDATE)

Claire Grasty stated that the Countywide Short Range Transit Plan recommended fixed route service changes, adjustments to public Dial-A-Ride policies, rebranding general service dial-a-ride to microtransit, and a fare study need to be further investigated prior to moving forward.

ITEM 10 UPDATE ON REPLACEMENT VEHICLES

Erin Kenneally shared with the committee that five replacement vehicles have been delivered and ten more are scheduled to be delivered prior to October 2025.

ITEM 11 DIAL-A-RIDE SCHEDULING SOFTWARE IMPLEMENTATION (UPDATE)

Matt Miller provided the committee with an update on the Dial-A-Ride scheduling software including a brief background, the immediate improvements efficiency, proposed purchase of the add-on productivity tool, and the corresponding smart phone app.

ITEM 12 ADJOURNMENT

Chair Arroyo adjourned the meeting at 1:47 p.m. to Monday, May 5th at 1:30 p.m. in the Fillmore City Council Chambers.

MEMO TO: HERITAGE VALLEY TECHNICAL ADVISORY COMMITTEE (HVTAC)

FROM: ERIN KENNEALLY, TRANSIT PLANNER – TRANSIT SERVICES

SUBJECT: VALLEY EXPRESS CMAQ PROJECT APPLICATION

RECOMMENDATION

- Approve VCTC staff submitting CMAQ application for Valley Express fixed route expansion.

BACKGROUND

For the last year, VCTC staff have been working with the Short-Range Transit Plan (SRTP) consultant to develop recommendations to improve services and efficiency, increase transit use, and strengthen the long-term sustainability of the Valley Express service. While studying the Valley Express service, staff found that the Santa Paula A & B fixed-route service was not attractive due to its limited availability. For the fixed route to be an attractive modal option and used more, it must be a practical alternative, which is not in its current form.

Among some of the recommendations are to add all-day service (more trips) on the Santa Paula A & B fixed routes as well as extend service on the Fillmore route past 4:00 p.m. on weekdays and add weekend service. In essence, the goal is to create a fixed-route transit service that is the backbone of transit service in the Heritage Valley with paratransit, senior dial-ride and general public dial-a-ride supplementing the fixed-route service. This will help the service to be more financially sustainable, easier to project costs and is the typical way transit networks are designed to serve more passengers.

A strategic reinvestment and restructuring of fixed route service will improve coverage and consistency of service in each community as well as greatly benefit useability.

While there are many details to be worked out regarding the service expansion including route path determination and operator/vehicle demands, VCTC staff are recommending applying for CMAQ funds now to support this since the call is for projects in years FY 26-27 and FY 27-28.

Currently, the Santa Paula routes A and B operate seven trips on weekdays from 6:30 a.m. to 2:30 p.m. and six trips on weekends from 10:00 a.m. to 4:00 p.m. The Santa Paula Tripper operates once a day during school days starting at 7:00 a.m. The Fillmore route operates weekdays only from 7:00 a.m. to 4:30 p.m.

We are proposing increasing service in Santa Paula to eighteen weekday trips with a service span of 6:15 a.m. to 7:30 p.m. and increasing weekend service to ten trips, 9:00 a.m. to 4:15 p.m. We will also add an afternoon trip on the school tripper to coordinate with the afternoon bell schedules. In Fillmore we are proposing three additional weekday trips so that service ends at 7:45 p.m. This will allow the route to better align with the Fillmore-Moorpark and Piru routes. We would also add five weekend trips (8:30 a.m. to 5:30 p.m.). This would be a 40% increase to existing fixed route service.

Though there are many details of this potential service that need to be finalized, if this project is not submitted in this call, the expansion will have to be fully funded by the appropriate jurisdictions unless another funding opportunity becomes available. The next CMAQ call for projects is not scheduled until 2027. Even with many items to be determined, staff feels we have enough information to submit an application. We propose requesting \$1,319,933 which should be enough to cover three years of expanded services.

All federal funds, including CMAQ, must include an 11.47% match in non-federal funds. It is expected that the match for the CMAQ grant would be paid by the jurisdictions who benefit from the service, proportionately to the amount of service they have. The local match amount would be \$151,396. The split between jurisdictions is provided below.

Jurisdiction	Percentage of Service	Share of local match
Santa Paula	51%	\$77,266
Fillmore	36%	\$54,275
County	13%	\$19,855

FROM: MATT MILLER, PROGRAM MANAGER

SUBJECT: FISCAL YEAR 2025-2026 VALLEY EXPRESS FINAL BUDGET

RECOMMENDATION

- Approve the Fiscal Year 2025-2026 Valley Express Budget.

BACKGROUND

Pursuant to the Cooperative Agreement for the Heritage Valley Transit Service, the HVTAC will make recommendations to the Heritage Valley Policy Advisory Committee (HVPAC) regarding, among other things, the annual level of service and budget. Following the HVTAC review, the item will then be reviewed by the HVPAC. Once final, the budget will be incorporated into the overall agency budget of VCTC. The budget process for VCTC includes a review by a budget and finance sub-committee, subsequent review by the full Commission with final budget adoption by June. This item is to consider recommendation of the budget to the Heritage Valley Policy Committee for the upcoming fiscal year.

DISCUSSION

Over the past year the Valley Express bus service has been funded with a mix of Federal Transit Administration (FTA) recurring formula funds, Congestion Mitigation and Air Quality (CMAQ) Program funds, State of Good Repair (SGR) funds, farebox and local funding from the member agencies. In FY25-26 service will be, once again, funded with the same mix of funds including SB125 funds.

The budget was developed based on the following factors and assumptions:

1. Contract provider rate increase in FY25-26.
2. Sustained demand on dial-a-ride service hours.
3. Purchase of four (4) replacement service vehicles using FTA, SGR, and SB125 funds.
4. Continuation of CMAQ funded Fillmore to Moorpark Fixed Route for FY25-26.

This year's total budget will be lower than the FY24-25 budget by about 30% and the local contribution portion of the budget is set to decrease by 1%. The lower budget is due to less vehicle replacements being planned since a majority of them occurred in FY24-25, lower estimated fuel cost, and a lower number of hours planned on the Fillmore to Moorpark Route. Dial-a-Ride (DAR) service hours will remain the same as last year's budget.

So far, DAR service hours have trended lower than expected but to insulate the jurisdictions from unexpected requests for additional funding in the middle of next fiscal year as we have seen in prior years,

staff recommends that the number of DAR service hours planned matches the same number from the current budget. DAR demand and use is very difficult to predict and can fluctuate from year to year and therefore best practice to budget conservatively.

Since presented in March, the budget has been updated to include a higher number of hours needed to run the Fillmore-Moorpark route which increased the contractor cost line item and a correction to the formula for distribution of hours per jurisdiction to be based on the FY25-26 planned hours which changed the amounts due to VCTC for each jurisdiction.

RECOMMENDED LEVEL OF SERVICE

	<i>FY 2025-2026</i>	<i>FY 2024-2025</i>

Total All Services	30,811	31,740

*Hours for the planned Fillmore-Moorpark funded by a CMAQ grant.

Replacement Vehicles

The FY25-26 budget also includes a total \$1,704,096 in FTA 5339 Capital, SGR, SB125 grant funds and local match to purchase four (4) replacement revenue service vehicles. This purchase will complete the replacement of the entire Valley Express bus fleet.

Anticipated Revenues

The Valley Express has historically utilized revenues from the Federal Transit Administration (FTA) funding, Passenger Fares, and the City of Santa Paula's sales tax Measure "T" in addition to the State Local Transportation Fund (LTF) revenues each member agency receives and budgets for transit programs.

Similar to last year, this budget uses a blend of Federal formula funds, CMAQ grant funds, SGR grant funds, SB125 funds, fare revenue, and local contributions by member agencies. The following is a table of the prior three years' budgets for reference.

	FY22-23	FY23-24	FY24-25	FY25-26

The FY25-26 Valley Express Budget is attached to this item as "Attachment A". A breakdown of each member agency's local contribution is attached to this item as "Attachment B": Valley Express Budget Model (FY2025-26).

If approved at this stage, the next step is to present the budget to the HVPAC, and if approved there it will then be incorporated into the VCTC Budget package presented to the Commission at its June 2025 meeting.

DATE: MAY 5, 2025

MEMO TO: HERITAGE VALLEY TECHNICAL ADVISORY COMMITTEE (HVTAC)

FROM: ERIN KENNEALLY, TRANSIT PLANNER – TRANSIT SERVICES

SUBJECT: RIDERSHIP AND OUTREACH REPORT

RECOMMENDATION

- Receive and file.

BACKGROUND

Valley Express service includes four fixed routes serving the cities of Santa Paula, Fillmore, and the unincorporated area of Piru, Dial-A-Ride services for the general public, and complementary ADA paratransit. In August 2024, a fifth fixed route was added to the service connecting the cities of Fillmore and Moorpark.

This report provides a Quarter 3 (January-February-March) comparison between key performance indicators (KPI) in FY 24/25 and previous years. In addition, this report provides an update regarding the recent marketing and outreach activities for Valley Express. Though overall ridership in Q3 increased over the same quarter last year, that was primarily due to an increase in fixed route ridership as Dial-A-Ride saw a decrease this quarter.

Key Performance Highlights:

- The Fillmore-Moorpark Route began on August 1, 2024. It has now completed eight months in service and accounts for 15% of all fixed route ridership.
- This quarter, Valley Express ridership increased by 20% percent to 17,403 passenger trips compared to 14,418 in the same quarter of last year. Fixed route ridership increased by just over 33.8% while Dial-A-Ride ridership decreased by 7%.
- The Piru route currently accounts for nearly 59% of fixed route ridership as well as 44% of systemwide ridership. It is currently at 91% of pre-COVID ridership and has seen the most ridership recovery.
- DAR ridership is currently at 46% of our pre-COVID numbers while fixed route ridership has exceeded our pre-COVID numbers and is currently at 105%. This is primarily due to the addition of the Fillmore-Moorpark route. Without that route it would be at 90%.
- Although Dial-A-Ride ridership has decreased when compared to last year, it has seen a significant increase over last quarter (46%). We attribute this increase to the new RideCo software which has made scheduling both passengers and drivers more efficient.

MARKETING AND COMMUNITY OUTREACH

Celtis Ventures, Inc., continues to assist us in promoting the Valley Express service within the Heritage Valley. Celtis is currently working on general service promotion as well as making sure all new vehicles have the appropriate decals displayed inside.

We will be attending the Santa Paula Wellness Fair on Wednesday, May 7, where we will once again be providing courtesy shuttle service.

Valley Express Bus & Dial-A-Ride

DATE: MAY 5, 2025
MEMO TO: HERITAGE VALLEY TECHNICAL ADVISORY COMMITTEE (HVTAC)
FROM: MATT MILLER, PROGRAM MANAGER
SUBJECT: UPDATE ON CMAQ FUNDED REPLACEMENT VEHICLES

RECOMMENDATION

- Receive and file update on progress of Valley Express vehicles replacement.

BACKGROUND

VCTC, on behalf of Valley Express, received CMAQ funding for a complete fleet replacement.

The Valley Express fleet vehicles have met the end of their useful life benchmark and will be replaced in the fiscal year 2024-25 and 2025-26. The current fleet vehicles were purchased in 2015 and consist of five 12 passenger cutaway buses, five 16 passenger cutaways buses, and five 26 passenger low-floor cutaway buses.

DISCUSSION

The FY 2024/2025 Valley Express budget includes a total of \$2,683,320 in FTA 5339 capital grant funds, State of Good Repair grant funds and local match to purchase 15 replacements service vehicles. As stated above the current fleet is made up of a variety of cutaway buses that are used for dial-a-ride (DAR) and fixed route service with the smallest vehicles used for DAR service.

As staff planned for the replacement of these vehicles, we were focused on passenger accessibility, ease of boarding for all passengers, and operational efficiency. As such, five Promaster Braunability (8 passenger + 2 wheelchair position) vans have been introduced into the fleet that are equipped with ramps. These vans will be used to replace five of the 12 passenger cutaway buses. All five of these have now been delivered with graphics installed. Next steps include validating that all onboard technology has been installed and working correctly and that all factory defects have been repaired by the supplier. All five will be in service by the end of May.

Regarding the other 10 cutaway buses, these will be replaced with six Glavel 22 passenger cutaways with wheelchair lifts and four ARBOC cutaways that seat 24 passengers and are equipped with ramps.

The six 22 passenger Glavel cutaways were delivered on April 29th with graphics installed. The next steps are to inspect the vehicles for defects and to install and validate all onboard technology items. Staff estimates that the vehicles will be in service in June. Photos of the vehicles are included below.

Lastly, the four 24 passenger ARBOC cutaways are on schedule to be delivered in October of this year. Once delivered, VCTC and MV staff will inspect the vehicles for defects, manage repairs with the supplier, install all onboard technology items and prepare them for service.
