Exhibit A – Revised Scope of Work

Moorpark City Transit is anticipating a total fleet of 3 EV buses. Thousand Oaks shall provide the City of Moorpark space at their Municipal Service Center, located at 1993 Rancho Conejo Boulevard, for the charging infrastructure for the City of Moorpark EV fleet. Funding shall be used to support the construction of dedicated charging stations for City of Moorpark buses. Construction shall include necessary trenching, conduit installation, wiring, and charging pedestals. Additionally, City of Moorpark will use SB 125 funds for the expansion of its micro-transit program by procuring two vehicles dedicated to the service. The service has proven to be more popular than the City's fixed route service and to keep up with passenger demand; expanding the vehicle fleet is necessary.
