

**CONSULTANT SERVICES AGREEMENT BETWEEN  
THE VENTURA COUNTY TRANSPORTATION COMMISSION AND  
TRANSPORTATION MANAGEMENT & DESIGN, INC.**

THIS AGREEMENT for consulting services is made by and between the Ventura County Transportation Commission ("VCTC") and Transportation Management & Design, Inc. ("Consultant") (together referred to as the "Parties") as of October 9, 2026 (the "Effective Date").

**Section 1. SERVICES.** Subject to the terms and conditions set forth in this Agreement, Consultant shall provide to VCTC the consulting services described in the Scope of Work attached as Exhibit A, and incorporated herein, at the time and place and in the manner specified therein. In the event of a conflict in or inconsistency between the terms of this Agreement and Exhibit A, the Agreement shall prevail.

- 1.1 **Term of Services.** The term of this Agreement shall begin on the Effective Date and shall end on June 30, 2027 the date of completion specified in Exhibit A, and Consultant shall complete the work described in Exhibit A on or before that date, unless the term of the Agreement is otherwise terminated or extended, as provided for in Section 8. The time provided to Consultant to complete the services required by this Agreement shall not affect VCTC's right to terminate the Agreement, as referenced in Section 8.
- 1.2 **Standard of Performance.** Consultant shall perform all services required pursuant to this Agreement according to the standards observed by a competent practitioner of the profession in which Consultant is engaged.
- 1.3 **Assignment of Personnel.** Consultant shall assign only competent personnel to perform services pursuant to this Agreement. In the event that VCTC, in its sole discretion, at any time during the term of this Agreement, desires the reassignment of any such persons, Consultant shall, immediately upon receiving notice from VCTC of such desire of VCTC, reassign such person or persons.
- 1.4 **Time.** Consultant shall devote such time to the performance of services pursuant to this Agreement as may be reasonably necessary to meet the standard of performance provided in Section 1.1 above and to satisfy Consultant's obligations hereunder.

**Section 2. COMPENSATION.** VCTC hereby agrees to pay Consultant a sum not to exceed \$55,000, notwithstanding any contrary indications that may be contained in Consultant's proposal, for services to be performed and reimbursable costs incurred under this Agreement. In the event of a conflict between this Agreement and Consultant's proposal, attached as Exhibit A, regarding the amount of compensation, the Agreement shall prevail. VCTC shall pay Consultant for services rendered pursuant to this Agreement at the time and in the manner set forth herein. The payments specified below shall be the only payments from VCTC to Consultant for services rendered pursuant to this Agreement. Consultant shall submit all invoices to VCTC in the manner specified herein. Except as specifically authorized by VCTC in writing, Consultant shall not bill VCTC for duplicate services performed by more than one person.

Consultant and VCTC acknowledge and agree that compensation paid by VCTC to Consultant under this Agreement is based upon Consultant's estimated costs of providing the services required hereunder,

including salaries and benefits of employees and subcontractors of Consultant. Consequently, the parties further agree that compensation hereunder is intended to include the costs of contributions to any pensions and/or annuities to which Consultant and its employees, agents, and subcontractors may be eligible. VCTC therefore has no responsibility for such contributions beyond compensation required under this Agreement.

**2.1 Invoices.** Consultant shall submit invoices, not more often than once a month during the term of this Agreement, based on the cost for services performed and reimbursable costs incurred prior to the invoice date. Invoices shall contain the following information:

- Serial identifications of progress bills; i.e., Progress Bill No. 1 for the first invoice, etc.;
- The beginning and ending dates of the billing period;
- A Task Summary containing the original contract amount, the amount of prior billings, the total due this period, the balance available under the Agreement, and the percentage of completion;
- At VCTC's option, for each work item in each task, a copy of the applicable time entries or time sheets shall be submitted showing the name of the person doing the work, the hours spent by each person, a brief description of the work, and each reimbursable expense;
- The total number of hours of work performed under the Agreement by Consultant and each employee, agent, and subcontractor of Consultant performing services hereunder;
- The Consultant's signature;
- Consultant shall give separate notice to VCTC when the total number of hours worked by Consultant and any individual employee, agent, or subcontractor of Consultant reaches or exceeds 800 hours within a 12-month period under this Agreement and any other agreement between Consultant and VCTC. Such notice shall include an estimate of the time necessary to complete work described in Exhibit A and the estimate of time necessary to complete work under any other agreement between Consultant and VCTC, if applicable.

**2.2 Monthly Payment.** VCTC shall make monthly payments, based on invoices received, for services satisfactorily performed, and for authorized reimbursable costs incurred. VCTC shall have 30 days from the receipt of an invoice that complies with all of the requirements above to pay Consultant.

**2.3 Final Payment.** VCTC shall pay the last 10% of the total sum due pursuant to this Agreement within 60 days after completion of the services and submittal to VCTC of a final invoice, if all services required have been satisfactorily performed.

**2.4 Total Payment.** VCTC shall pay for the services to be rendered by Consultant pursuant to this Agreement. VCTC shall not pay any additional sum for any expense or cost whatsoever incurred by Consultant in rendering services pursuant to this Agreement. VCTC shall make no payment for any extra, further, or additional service pursuant to this Agreement.

In no event shall Consultant submit any invoice for an amount in excess of the maximum amount of compensation provided above either for a task or for the entire Agreement, unless the Agreement is modified prior to the submission of such an invoice by a properly executed change order or amendment.

- 2.5 Hourly Fees.** Fees for work performed by Consultant on an hourly basis shall not exceed the amounts shown on the compensation schedule attached hereto as Exhibit B.
- 2.6 Reimbursable Expenses.** Reimbursable expenses are included in the total amount of compensation provided under this Agreement that shall not be exceeded and no separate additional amount is set aside for expenses.
- 2.7 Payment of Taxes.** Consultant is solely responsible for the payment of employment taxes incurred under this Agreement and any similar federal or state taxes.
- 2.8 Payment upon Termination.** In the event that VCTC or Consultant terminates this Agreement pursuant to Section 8, VCTC shall compensate the Consultant for all outstanding costs and reimbursable expenses incurred for work satisfactorily completed as of the date of written notice of termination. Consultant shall maintain adequate logs and timesheets to verify costs incurred to that date.
- 2.9 Authorization to Perform Services.** The Consultant is not authorized to perform any services or incur any costs whatsoever under the terms of this Agreement until receipt of authorization from the Contract Administrator.
- 2.10 Prevailing Wage.** Where applicable, the wages to be paid for a day's work to all classes of laborers, workmen, or mechanics on the work contemplated by this Agreement, shall be not less than the prevailing rate for a day's work in the same trade or occupation in the locality within the state where the work hereby contemplates to be performed as determined by the Director of Industrial Relations pursuant to the Director's authority under Labor Code Section 1770, et seq. Each laborer, worker or mechanic employed by Consultant or by any subcontractor shall receive the wages herein provided for. The Consultant shall pay two hundred dollars (\$200), or whatever amount may be set by Labor Code Section 1775, as may be amended, per day penalty for each worker paid less than prevailing rate of per diem wages. The difference between the prevailing rate of per diem wages and the wage paid to each worker shall be paid by the Consultant to each worker.

An error on the part of an awarding body does not relieve the Consultant from responsibility for payment of the prevailing rate of per diem wages and penalties pursuant to Labor Code Sections 1770 1775. VCTC will not recognize any claim for additional compensation because of the payment by the Consultant for any wage rate in excess of prevailing wage rate set forth. The possibility of wage increases is one of the elements to be considered by the Consultant.

a. Posting of Schedule of Prevailing Wage Rates and Deductions. If the schedule of prevailing wage rates is not attached hereto pursuant to Labor Code Section 1773.2, the Consultant shall post at appropriate conspicuous points at the site of the project a schedule showing all determined prevailing wage rates for the various classes of laborers and mechanics to be engaged in work on the project under this contract and all deductions, if any, required by law to be made from unpaid wages actually earned by the laborers and mechanics so engaged.

b. Payroll Records. Each Consultant and subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by the Consultant in connection with the public work. Such records shall be certified and submitted weekly as required by Labor Code Section 1776."

**Section 3. FACILITIES AND EQUIPMENT.** Except as set forth herein, Consultant shall, at its sole cost and expense, provide all facilities and equipment that may be necessary to perform the services required by this Agreement. VCTC shall make available to Consultant only the facilities and equipment listed in this section, and only under the terms and conditions set forth herein.

VCTC shall furnish physical facilities such as desks as may be reasonably necessary for Consultant's use while consulting with VCTC employees and reviewing records and the information in possession of VCTC. The location, quantity, and time of furnishing those facilities shall be in the sole discretion of VCTC. In no event shall VCTC be obligated to furnish any facility that may involve incurring any direct expense, including but not limited to computer, long-distance telephone or other communication charges, vehicles, and reproduction facilities.

**Section 4. INSURANCE REQUIREMENTS.** Before beginning any work under this Agreement, Consultant, at its own cost and expense, unless otherwise specified below, shall procure the types and amounts of insurance listed below against claims for injuries to persons or damages to property that may arise from or in connection with the performance of the work hereunder by the Consultant and its agents, representatives, employees, and subcontractors. Consistent with the following provisions, Consultant shall provide proof satisfactory to VCTC of such insurance that meets the requirements of this section and under forms of insurance satisfactory in all respects, and that such insurance is in effect prior to beginning work to VCTC. Consultant shall maintain the insurance policies required by this section throughout the term of this Agreement. The cost of such insurance shall be included in the Consultant's bid. Consultant shall not allow any subcontractor to commence work on any subcontract until Consultant has obtained all insurance required herein for the subcontractor(s) and provided evidence that such insurance is in effect to VCTC. Verification of the required insurance shall be submitted and made part of this Agreement prior to execution. Consultant shall maintain all required insurance listed herein for the duration of this Agreement.

**4.1 Workers' Compensation.** Consultant shall, at its sole cost and expense, maintain Statutory Workers' Compensation Insurance and Employer's Liability Insurance for any and all persons employed directly or indirectly by Consultant. The Statutory Workers' Compensation Insurance and Employer's Liability Insurance shall be provided with limits of not less than \$1,000,000 per accident. In the alternative, Consultant may rely on a self-insurance program to meet those requirements, but only if the program of self-insurance

complies fully with the provisions of the California Labor Code. Determination of whether a self-insurance program meets the standards of the Labor Code shall be solely in the discretion of the Contract Administrator. The insurer, if insurance is provided, or the Consultant, if a program of self-insurance is provided, shall waive all rights of subrogation against VCTC and its officers, officials, employees, and volunteers for loss arising from work performed under this Agreement.

## **4.2 Commercial General and Automobile Liability Insurance.**

**4.2.1 General requirements.** Consultant, at its own cost and expense, shall maintain commercial general and automobile liability insurance for the term of this Agreement in an amount not less than \$2,000,000 per occurrence, combined single limit coverage for risks associated with the work contemplated by this Agreement. If a Commercial General Liability Insurance or an Automobile Liability form or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to the work to be performed under this Agreement or the general aggregate limit shall be at least twice the required occurrence limit. Such coverage shall include but shall not be limited to, protection against claims arising from bodily and personal injury, including death resulting therefrom, and damage to property resulting from activities contemplated under this Agreement, including the use of owned (if any), hired, and non-owned automobiles.

**4.2.2 Minimum scope of coverage.** Commercial general coverage shall be at least as broad as Insurance Services Office Commercial General Liability occurrence form CG 0001 (most recent edition) covering comprehensive General Liability on an "occurrence" basis. Automobile coverage shall be at least as broad as Insurance Services Office Automobile Liability ISO Form CA 0001 (Code 1), or if Consultant has no owned autos, hired, (Code 8) and non-owned autos (Code 9), with limit no less than \$2,000,000 per accident for bodily injury and property damage.

**4.2.3 Additional requirements.** Each of the following shall be included in the insurance coverage or added as a certified endorsement to the policy:

- a. The Insurance shall cover on an occurrence or an occurrence basis, and not on a claims-made basis.
- b. VCTC, its officers, officials, employees, and volunteers are to be covered as additional insureds as respects: liability arising out of work or operations performed by or on behalf of the Consultant; or automobiles owned, leased, hired, or borrowed by the Consultant
- c. For any claims related to this Agreement or the work hereunder, the Consultant's insurance covered shall be primary insurance as respects VCTC, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by VCTC, its officers, officials, employees, or

volunteers shall be excess of the Consultant's insurance and shall not contribute with it.

- d. Each insurance policy required by this clause shall be endorsed to state that coverage shall not be canceled by either party, except after 30 days' prior written notice has been provided to VCTC.

#### **4.3 Professional Liability Insurance.**

**4.3.1 General requirements.** Consultant, at its own cost and expense, shall maintain for the period covered by this Agreement professional liability insurance for licensed professionals performing work pursuant to this Agreement in an amount not less than \$ 1,000,000 covering the licensed professionals' errors and omissions. Any deductible or self-insured retention shall not exceed \$150,000 per claim.

**4.3.2 Claims-made limitations.** The following provisions shall apply if the professional liability coverage is written on a claims-made form:

- a. The retroactive date of the policy must be shown and must be before the date of the Agreement.
- b. Insurance must be maintained and evidence of insurance must be provided for at least five years after completion of the Agreement or the work, so long as commercially available at reasonable rates.
- c. If coverage is canceled or not renewed and it is not replaced with another claims-made policy form with a retroactive date that precedes the date of this Agreement, Consultant must purchase an extended period coverage for a minimum of five years after completion of work under this Agreement.
- d. A copy of the claim reporting requirements must be submitted to VCTC for review prior to the commencement of any work under this Agreement.

#### **4.4 All Policies Requirements.**

**4.4.1 Acceptability of insurers.** All insurance required by this section is to be placed with insurers with a Bests' rating of no less than A:VII.

**4.4.2 Verification of coverage.** Prior to beginning any work under this Agreement, Consultant shall furnish VCTC with complete copies of all policies delivered to Consultant by the insurer, including complete copies of all endorsements attached to those policies. All copies of policies and endorsements shall show the signature of a person authorized by that insurer to bind coverage on its behalf. If VCTC does not receive the required insurance documents prior to the Consultant beginning work, it shall not waive the Consultant's obligation to provide them.

VCTC reserves the right to require complete copies of all required insurance policies at any time.

**4.4.3 Deductibles and Self-Insured Retentions.** Consultant shall disclose to and obtain the written approval of VCTC for the self-insured retentions and deductibles before beginning any of the services or work called for by any term of this Agreement. At the option of VCTC, either: the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects VCTC, its officers, employees, and volunteers; or the Consultant shall provide a financial guarantee satisfactory to VCTC guaranteeing payment of losses and related investigations, claim administration and defense expenses. Further, if the Consultant's insurance policy includes a self-insured retention that must be paid by a named insured as a precondition of the insurer's liability, or which has the effect of providing that payments of the self-insured retention by others, including additional insureds or insurers do not serve to satisfy the self-insured retention, such provisions must be modified by special endorsement so as to not apply to the additional insured coverage required by this agreement so as to not prevent any of the parties to this agreement from satisfying or paying the self-insured retention required to be paid as a precondition to the insurer's liability. Additionally, the certificates of insurance must note whether the policy does or does not include any self-insured retention and also must disclose the deductible.

**4.4.4 Wasting Policies.** No policy required by this Section 4 shall include a "wasting" policy limit (i.e. limit that is eroded by the cost of defense).

**4.4.5 Waiver of Subrogation.** Consultant hereby agrees to waive subrogation which any insurer or contractor may require from vendor by virtue of the payment of any loss. Consultant agrees to obtain any endorsements that may be necessary to affect this waiver of subrogation.

The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the entity for all work performed by the consultant, its employees, agents, and subcontractors.

**4.4.6 Subcontractors.** Consultant shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

**4.5 Remedies.** In addition to any other remedies VCTC may have if Consultant fails to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, VCTC may, at its sole option exercise any of the following remedies, which are alternatives to other remedies VCTC may have and are not the exclusive remedy for Consultant's breach:

- Obtain such insurance and deduct and retain the amount of the premiums for such insurance from any sums due under the Agreement;
- Order Consultant to stop work under this Agreement or withhold any payment that becomes due to Consultant hereunder, or both stop work and withhold any payment, until Consultant demonstrates compliance with the requirements hereof; and/or
- Terminate this Agreement.

## **Section 5. INDEMNIFICATION AND CONSULTANT'S RESPONSIBILITIES.**

To the fullest extent permitted by law, Consultant shall indemnify, defend with counsel acceptable to VCTC, and hold harmless VCTC and its officers, officials, employees, agents and volunteers from and against any and all liability, loss, damage, claims, expenses, and costs (including without limitation, attorney's fees and costs and fees of litigation) (collectively, "Liability") of every nature arising out of or in connection with Consultant's performance of the Services or its failure to comply with any of its obligations contained in this Agreement, except such Liability caused by the sole negligence or willful misconduct of VCTC.

The Consultant's obligation to defend and indemnify shall not be excused because of the Consultant's inability to evaluate Liability or because the Consultant evaluates Liability and determines that the Consultant is not liable to the claimant. The Consultant must respond within 30 days, to the tender of any claim for defense and indemnity by VCTC, unless this time has been extended by VCTC. If the Consultant fails to accept or reject a tender of defense and indemnity within 30 days, in addition to any other remedy authorized by law, so much of the money due the Consultant under and by virtue of this Agreement as shall reasonably be considered necessary by VCTC, may be retained by VCTC until disposition has been made of the claim or suit for damages, or until the Consultant accepts or rejects the tender of defense, whichever occurs first.

With respect to third party claims against the Consultant, the Consultant waives any and all rights of any type to express or implied indemnity against the Indemnitees.

Notwithstanding the forgoing, to the extent this Agreement is a "construction contract" as defined by California Civil Code Section 2782, as may be amended from time to time, such duties of consultant to indemnify shall not apply when to do so would be prohibited by California Civil Code Section 2782.

In the event that Consultant or any employee, agent, or subcontractor of Consultant providing services under this Agreement is determined by a court of competent jurisdiction or the California Public Employees Retirement System (PERS) to be eligible for enrollment in PERS as an employee of VCTC, Consultant shall indemnify, defend, and hold harmless VCTC for the payment of any employee and/or employer contributions for PERS benefits on behalf of Consultant or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of VCTC.

- 8.2 Extension.** VCTC may, in its sole and exclusive discretion, extend the end date of this Agreement beyond that provided for in Subsection 1.1. Any such extension shall require a written amendment to this Agreement, as provided for herein. Consultant understands and agrees that, if VCTC grants such an extension, VCTC shall have no obligation to provide Consultant with compensation beyond the maximum amount provided for in this Agreement. Similarly, unless authorized by the Contract Administrator, VCTC shall have no obligation to reimburse Consultant for any otherwise reimbursable expenses incurred during the extension period.

  - 8.6.5** Offset any damages sustained by VCTC as a result of Consultant's breach from any compensation otherwise due and payable to Consultant for work satisfactorily performed up to the effective date of termination.

Anything to the contrary herein notwithstanding, all mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Contract. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any request which would cause a violation of the FTA terms and conditions.

## **NO GOVERNMENT OBLIGATION TO THIRD PARTIES**

The Recipient and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to the Recipient, Contractor or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract. The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

## **NOTICE TO FTA AND U.S. DOT INSPECTOR GENERAL OF INFORMATION RELATED TO FRAUD, WASTE, ABUSE, OR OTHER LEGAL MATTERS**

If a current or prospective legal matter that may affect the Federal Government emerges, the Recipient must promptly notify the FTA Chief Counsel and FTA Regional Counsel for the Region in which the Recipient is located. The Recipient must include a similar notification requirement in its Third Party Agreements and must require each Third Party Participant to include an equivalent provision in its subagreements at every tier, for any agreement that is a “covered transaction” according to 2 C.F.R. §§ 180.220 and 1200.220.

(3) The Recipient must promptly notify the U.S. DOT Inspector General in addition to the FTA Chief Counsel or Regional Counsel for the Region in which the Recipient is located, if the Recipient has knowledge of potential fraud, waste, or abuse occurring on a Project receiving assistance from FTA. The notification provision applies if a person has or may have submitted a false claim under the False Claims Act, 31 U.S.C. § 3729 et seq., or has or may have committed a criminal or civil violation of law pertaining to such matters as fraud, conflict of interest, bribery, gratuity, or similar misconduct. This responsibility occurs whether the Project is subject to this Agreement or another agreement between the Recipient and FTA, or an agreement involving a principal, officer, employee, agent, or Third Party Participant of the Recipient. It also applies to subcontractors at any tier. Knowledge, as used in this paragraph, includes, but is not limited to, knowledge of a criminal or civil investigation by a Federal, state, or local law enforcement or other investigative agency, a criminal indictment or civil complaint, or probable cause that could support a criminal indictment, or any other credible information in the possession of the Recipient.

## **PATENT RIGHTS AND RIGHTS IN DATA**

### Intellectual Property Rights

This Project is funded through a Federal award with FTA for experimental, developmental, or research work purposes. As such, certain Patent Rights and Data Rights apply to all subject data first produced in the performance of this Contract. The Contractor shall grant the Agency intellectual property access and licenses deemed necessary for the work performed under this Contract and in accordance with the requirements of 37 C.F.R. part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by FTA or U.S. DOT.

The terms of an intellectual property agreement and software license rights will be finalized prior to execution of this Contract and shall, at a minimum, include the following restrictions:

Except for its own internal use, the Contractor may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of FTA, until such time as FTA may have

either released or approved the release of such data to the public. This restriction on publication, however, does not apply to any contract with an academic institution.

For purposes of this Contract, the term “subject data” means recorded information whether or not copyrighted, and that is delivered or specified to be delivered as required by the Contract. Examples of “subject data” include, but are not limited to computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information, but do not include financial reports, cost analyses, or other similar information used for performance or administration of the Contract.

1. The Federal Government reserves a royaltyfree, nonexclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use for “Federal Government Purposes,” any subject data or copyright described below. For “Federal Government Purposes,” means use only for the direct purposes of the Federal Government. Without the copyright owner’s consent, the Federal Government may not extend its Federal license to any other party.
  - a. Any subject data developed under the Contract, whether or not a copyright has been obtained; and
  - b. Any rights of copyright purchased by the Contractor using Federal assistance in whole or in part by the FTA.
2. Unless FTA determines otherwise, the Contractor performing experimental, developmental, or research work required as part of this Contract agrees to permit FTA to make available to the public, either FTA’s license in the copyright to any subject data developed in the course of the Contract, or a copy of the subject data first produced under the Contract for which a copyright has not been obtained. If the experimental, developmental, or research work, which is the subject of this Contract, is not completed for any reason whatsoever, all data developed under the Contract shall become subject data as defined herein and shall be delivered as the Federal Government may direct.
3. Unless prohibited by state law, upon request by the Federal Government, the Contractor agrees to indemnify, save, and hold harmless the Federal Government, its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under that contract. The Contractor shall not be

required to indemnify the Federal Government for any such liability arising out of the wrongful act of any employee, official, or agents of the Federal Government.

4. Nothing contained in this clause on rights in data shall imply a license to the Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Federal Government under any patent.
5. Data developed by the Contractor and financed entirely without using Federal assistance provided by the Federal Government that has been incorporated into work required by the underlying Contract is exempt from the requirements herein, provided that the Contractor identifies those data in writing at the time of delivery of the Contract work.
6. The Contractor agrees to include these requirements in each subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance.

## **PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS AND RELATED ACTS**

The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. chapter 53, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5323(l) on the Contractor, to the extent the Federal Government deems appropriate.

The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

(c) For the purposes of this section, “covered telecommunications equipment or services” also include systems that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(d) In implementing the prohibition under section 889 of Public Law 115232, heads of executive agencies administering loan, grant, or subsidy programs must prioritize

available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered telecommunications equipment or services, to procure replacement equipment or services, and to ensure that communications service to users and customers is sustained.

(e) When the recipient or subrecipient accepts a loan or grant, it is certifying that it will comply with the prohibition on covered telecommunications equipment and services in this section. The recipient or subrecipient is not required to certify that funds will not be expended on covered telecommunications equipment or services beyond the certification provided upon accepting the loan or grant and those provided upon submitting payment requests and financial reports.

### **Distracted Driving**

The Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Contactor owns, leases, or rents, or a privatelyowned vehicle when on official business in connection with the work performed under this Contract.

## **SOLID WASTES (RECOVERED MATERIALS)**

(a) A Recipient or subrecipient that is a State agency or agency of a political subdivision of a State and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act of 1976 as amended, 42 U.S.C. 6962. The requirements of Section 6002 include procuring only items designated in the guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

(b) The recipient or subrecipient should, to the greatest extent practicable and consistent with law, purchase, acquire, or use products and services that can be reused, refurbished, or recycled; contain recycled content, are biobased, or are energy and water efficient; and are sustainable. This may include purchasing compostable items and other products and services that reduce the use of singleuse plastic products. See Executive Order 14057, section 101, Policy.

## **SPECIAL NOTIFICATION REQUIREMENTS FOR STATES**

Applies to States –

a. To the extent required under federal law, the State, as the Recipient, agrees to provide the following information about federal assistance awarded for its State Program, Project, or related activities:

(1) The Identification of FTA as the federal agency providing the federal assistance for a State Program or Project;

(2) The Catalog of Federal Domestic Assistance Number of the program from which the federal assistance for a State Program or Project is authorized; and

(3) The amount of federal assistance FTA has provided for a State Program or Project.

b. Documents The State agrees to provide the information required under this provision in the following documents:

(1) applications for federal assistance,

(2) requests for proposals or solicitations,

(3) forms,

(4) notifications,

(5) press releases,

(6) other publications.

## **TERMINATION**

### Termination for Convenience (General Provision)

The Agency may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Agency's best interest. The Contractor shall be paid its costs, including contract closeout costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to Agency to be paid the Contractor. If the Contractor has any property in its possession belonging to Agency, the Contractor will account for the same, and dispose of it in the manner Agency directs.

### Termination for Default [Breach or Cause] (General Provision)

If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the Agency may terminate this contract for default. Termination shall be effected by serving a Notice of Termination on the Contractor setting forth the manner in which the Contractor is in default. The Contractor will be paid only the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract. If it is later determined by the Agency that the Contractor had an excusable reason for not performing, such as a strike, fire, or

flood, events which are not the fault of or are beyond the control of the Contractor, the Agency, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a Termination for Convenience.

#### Opportunity to Cure (General Provision)

The Agency, in its sole discretion may, in the case of a termination for breach or default, allow the Contractor [an appropriately short period of time] in which to cure the defect. In such case, the Notice of Termination will state the time period in which cure is permitted and other appropriate conditions

If Contractor fails to remedy to Agency's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within [10 days] after receipt by Contractor of written notice from Agency setting forth the nature of said breach or default, Agency shall have the right to terminate the contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude Agency from also pursuing all available remedies against Contractor and its sureties for said breach or default.

#### Waiver of Remedies for any Breach

In the event that Agency elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this contract, such waiver by Agency shall not limit Agency's remedies for any succeeding breach of that or of any other covenant, term, or condition of this contract.

#### Termination for Convenience (Professional or Transit Service Contracts)

The Agency, by written notice, may terminate this contract, in whole or in part, when it is in the Agency's interest. If this contract is terminated, the Agency shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.

#### Termination for Default (Supplies and Service)

If the Contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension, or if the Contractor fails to comply with any other provisions of this contract, the Agency may terminate this contract for default. The Agency shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract. If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Agency.

#### Termination for Default (Transportation Services)

If the Contractor fails to pick up the commodities or to perform the services, including delivery services, within the time specified in this contract or any extension, or if the Contractor fails to comply with any other provisions of this contract, the Agency may terminate this contract for default. The Agency shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of default. The Contractor will only be paid the contract price for services performed in accordance with the manner of performance set forth in this contract.

If this contract is terminated while the Contractor has possession of Agency goods, the Contractor shall, upon direction of the Agency, protect and preserve the goods until surrendered to the Agency or its agent. The Contractor and Agency shall agree on payment for the preservation and protection of goods. Failure to agree on an amount will be resolved under the Dispute clause.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Agency.

#### Termination for Default (Construction)

If the Contractor refuses or fails to prosecute the work or any separable part, with the diligence that will ensure its completion within the time specified in this contract or any extension or fails to complete the work within this time, or if the Contractor fails to comply with any other provision of this contract, Agency may terminate this contract for default. The Agency shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. In this event, the Agency may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to the Agency resulting from the Contractor's refusal or failure to complete the work within specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Agency in completing the work. The Contractor's right to proceed shall not be terminated nor shall the Contractor be charged with damages under this clause if: 1. The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include: acts of God, acts of Agency, acts of another contractor in the performance of a contract with Agency, epidemics, quarantine restrictions, strikes, freight embargoes; and 2. The Contractor, within [10] days from the beginning of any delay, notifies Agency in writing of the causes of delay. If, in the judgment of Agency, the delay is excusable, the time for completing the work

shall be extended. The judgment of Agency shall be final and conclusive for the parties, but subject to appeal under the Disputes clause(s) of this contract. 3. If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of Agency.

#### Termination for Convenience or Default (Architect and Engineering)

The Agency may terminate this contract in whole or in part, for the Agency's convenience or because of the failure of the Contractor to fulfill the contract obligations. The Agency shall terminate by delivering to the Contractor a Notice of Termination specifying the nature, extent, and effective date of the termination. Upon receipt of the notice, the Contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the Agency's Contracting Officer all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process. Agency has a royaltyfree, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, all such data, drawings, specifications, reports, estimates, summaries, and other information and materials.

If the termination is for the convenience of the Agency, the Agency's Contracting Officer shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services.

If the termination is for failure of the Contractor to fulfill the contract obligations, the Agency may complete the work by contract or otherwise and the Contractor shall be liable for any additional cost incurred by the Agency.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of Agency

#### Termination for Convenience or Default (Cost-Type Contracts)

The Agency may terminate this contract, or any portion of it, by serving a Notice of Termination on the Contractor. The notice shall state whether the termination is for convenience of Agency or for the default of the Contractor. If the termination is for default, the notice shall state the manner in which the Contractor has failed to perform the requirements of the contract. The Contractor shall account for any property in its possession paid for from funds received from the Agency, or property supplied to the Contractor by the Agency. If the termination is for default, the Agency may fix the fee, if the contract provides for a fee, to be paid the Contractor in proportion to the value, if any, of work performed up to the time of termination. The Contractor shall promptly

submit its termination claim to the Agency and the parties shall negotiate the termination settlement to be paid the Contractor.

If the termination is for the convenience of Agency, the Contractor shall be paid its contract closeout costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination.

If, after serving a Notice of Termination for Default, the Agency determines that the Contractor has an excusable reason for not performing, the Agency, after setting up a new work schedule, may allow the Contractor to continue work, or treat the termination as a Termination for Convenience.

## **OTHER CONTRACT REQUIREMENTS**

### **CONFORMANCE WITH ITS NATIONAL ARCHITECTURE**

Intelligent Transportation Systems (ITS) projects shall conform to the National ITS Architecture and standards pursuant to 23 CFR § 940. Conformance with the National ITS Architecture is interpreted to mean the use of the National ITS Architecture to develop a regional ITS architecture in support of integration and the subsequent adherence of all ITS projects to that regional ITS architecture. Development of the regional ITS architecture should be consistent with the transportation planning process for Statewide and Metropolitan Transportation Planning (49 CFR Part 613 and 621).

### **FEDERAL TAX LIABILITY AND RECENT FELONY CONVICTIONS**

(1) The contractor certifies that it:

(a) Does not have any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability; and

(b) Was not convicted of the felony criminal violation under any Federal law within the preceding 24 months.

If the contractor cannot so certify, the Recipient will refer the matter to FTA and not enter into any Third Party Agreement with the Third Party Participant without FTA's written approval.

## TECHNICAL APPROACH

## Project Understanding

Transportation Management & Design, Inc. (TMD) understands that the Ventura County Transportation Commission (VCTC) requires an update to its Title VI Program in accordance with FTA Circular 4702.1B, covering the triennial period beginning June 2027. VCTC's current program, prepared in-house and effective through May 2027, establishes a solid foundation, but several elements require updates rather than routine refresh. VCTC operates as a small operator under FTA reporting thresholds, administering VCTC Intercity fixed-route bus service and the Valley Express Bus & Dial-A-Ride, while also serving in expanded roles as Regional Transportation Planning Agency, Congestion Management Agency, and Consolidated Transportation Services Agency for Ventura County. **This dual identity, direct transit operator and regional funding pass-through agency, shapes the scope of this update in several important ways.**

● **Demographic and LEP Analysis Currency.** VCTC's Limited English Proficient (LEP) population analysis, currently built on 2018–2022 American Community Survey estimates and 2022–23 California Department of Education English Learner data, requires refresh using the most current available ACS 5-year estimates. TMD's approach will re-run the Four Factor Analysis against updated data to confirm whether VCTC's existing Safe Harbor language determinations (currently Spanish, Tagalog, Chinese, Persian, Vietnamese, and Arabic) remain accurate, and will identify any shifts in LEP population concentration across the county's varied urban, suburban, and rural communities. Where updated data suggests a change in Safe Harbor status for any language group, TMD will document the basis for that determination clearly for VCTC's review prior to finalizing the LAP.

● **Subrecipient Oversight Scope.** VCTC's role as a pass-through recipient to 16 active subrecipients, spanning municipal transit operations (City of Camarillo, City of Moorpark, City of Thousand Oaks, City of Ventura), paratransit and social service providers (Arc of Ventura County, CalVans, Help of Ojai, PathPoint, Interface Children & Family Services), and county human services agencies (Ventura County Area Agency on Aging, Ventura County Human Services–RAIN Program), represents a monitoring obligation considerably more extensive than the current Title VI Program document reflects. TMD's Task 4 approach will develop a structured subrecipient compliance tracking framework that gives VCTC a repeatable tool for triennial monitoring going forward, not just a one-time compliance narrative.

● **Regulatory Context.** TMD further understands that on June 11, 2026, the U.S. Department of Transportation issued a final rule (91 FR 35424) rescinding portions of its Title VI implementing regulations at 49 CFR 21.5 to eliminate disparate-impact liability, consistent with Executive Order 14281. This rule removes regulatory provisions that previously extended Title VI's prohibition to conduct with an unintentional disparate effect, narrowing DOT's implementing regulations to address only intentional discrimination. TMD will monitor for any related updates FTA may issue to Circular 4702.1B during the course of this contract and will ensure VCTC's Title VI Program Update reflects current regulatory requirements at the time of submission, while flagging for VCTC any provisions of the existing program — such as disparate impact or disproportionate burden policies in the service standards section — that may warrant revisiting in light of this regulatory change.

**TMD's team, having recently completed comparable Title VI Program Updates for transit agencies of varying scale, including small and mid-sized operators, is well positioned to deliver a compliant, FTA-ready document that reflects VCTC's specific operating structure within the project timeline.**

## Proposed Approach to the Scope of Work

TMD understands that VCTC's Title VI Program Update must be completed on a defined timeline, with Notice to Proceed anticipated October 5, 2026, Commission presentation of the Draft Program on April 2, 2027, and final FTA submittal due May 10, 2027. This roughly seven-month, task-based contract requires an organized, front-loaded data collection effort to leave adequate time for VCTC review cycles ahead of the Commission meeting. TMD's team brings established methodology from recent, comparable small- and mid-sized operator Title VI Program Updates, allowing the team to move efficiently from data collection into analysis without a lengthy ramp-up period.

### Task 1: Project Initiation & Data Collection

TMD will conduct a virtual project kickoff meeting with VCTC staff within the first two weeks of Notice to Proceed to confirm project expectations, review the current Title VI Program, and establish a data transfer protocol. VCTC has confirmed that prior FTA review correspondence, GIS shapefiles, GTFS data, ridership and passenger survey data, complaint logs, public outreach records, and any previous fare or service equity analyses will be made available at kickoff. TMD will review this material against FTA Circular 4702.1B requirements and VCTC's small-operator classification to identify gaps requiring attention in subsequent tasks, and will confirm the intended scope and treatment of Task 5 based on VCTC's direction at kickoff. TMD will also submit a detailed project schedule and work plan for VCTC approval within one week of kickoff, and will provide monthly progress reports summarizing task status, upcoming milestones, and any emerging risks to schedule or budget.

**Deliverable:** Data Collection & Gap Analysis Memo, Approved Project Schedule, Monthly Progress Reports

### Task 2: Four Factor Analysis & Language Assistance Plan (LAP) Update

TMD will update VCTC's Four Factor Analysis using the most current American Community Survey 5-year estimates and California Department of Education English Learner data, replacing the 2018–2022/2022–23 vintage data currently in use. This includes:

- Re-verifying Safe Harbor language group determinations against updated LEP population thresholds
- Updating demographic concentration mapping (GIS-based) across VCTC's service area
- Reassessing the sufficiency of VCTC's current translated-document inventory (English/Spanish, with Chinese-Mandarin added in the 2024 cycle) against updated Factor 1 and Factor 2 findings
- Revising LAP implementation measures, including vital document identification and language line/interpreter access points, consistent with current conditions
- Identifying and documenting VCTC's "vital documents" list (schedules, notices, complaint forms, rider alerts) requiring translation under the updated Safe Harbor determination
- Reviewing staff training needs related to LEP interactions and documenting current front-line staff protocols for serving LEP riders

TMD will provide a draft Four Factor Analysis and LAP for VCTC staff review, incorporate one round of comments, and finalize prior to inclusion in the Task 4 program document.

**Deliverable:** Updated Four Factor Analysis and Language Assistance Plan

## Task 3: Public Participation Plan (PPP) Update

Building on VCTC's existing Public Participation Plan (PPP) framework and documented outreach history (Comprehensive Transportation Plan, Coordinated Public Transit-Human Services Transportation Plan, Transit Integration and Efficiency Study, Short Range Transit Plan), TMD will update the PPP to reflect current outreach methods, VCTC's Unmet Transit Needs process, and engagement strategies tailored to LEP and traditionally underserved populations across the county's geographically dispersed communities. This will include a review of environmental justice population data alongside the Task 2 LEP analysis, to ensure outreach strategies appropriately target both minority and low-income populations consistent with FTA guidance. The updated PPP will incorporate lessons from VCTC's recent project-related outreach efforts and establish forward-looking engagement strategies for the 2027–2030 cycle, coordinated with the outreach approach developed under Task 6. TMD will also review VCTC's current process for public comment collection and complaint intake, and recommend any updates needed to ensure comments are logged, tracked, and addressed consistent with FTA recordkeeping expectations.

### Deliverable: Updated Public Participation Plan

FIGURE 6: EXAMPLE TITLE VI PUBLIC PARTICIPATION PLAN UPDATE

## Task 4: Title VI Program Document Update

TMD will update the core Title VI Program Document, including the Civil Rights Notice to the Public, complaint procedures and forms, system-wide service standards and policies, and GIS-based demographic mapping of the service area. This includes review and update of VCTC's Title VI service standards and policies including vehicle load, vehicle headway, on-time performance, service availability, and vehicle assignment, to confirm continued compliance and identify any needed revisions given current service conditions. TMD will also review and update, as applicable, VCTC's documentation of minority representation on non-elected boards, advisory bodies, and committees, and will review VCTC's fixed-facility siting and equity analysis requirements to confirm whether any planned facility improvements during the update period would trigger further Title VI review.

A central component of this task is development of an expanded subrecipient oversight section addressing VCTC's 16 confirmed subrecipients. TMD will design a standardized compliance tracking matrix documenting each subrecipient's Title VI Program status, notice posting, and complaint procedure availability, organized by subrecipient category (municipal operators, paratransit/vehicle-owning nonprofits, and human services agencies) to reflect the differing compliance obligations across VCTC's subrecipient base. TMD will work with VCTC to connect with each of the 16 subrecipients to confirm current Title VI compliance status and populate the tracking matrix, and will document any gaps or follow-up actions needed for VCTC to close out prior to submission. This gives VCTC Programming staff a durable monitoring tool beyond this single reporting cycle. TMD will also review and, where warranted based on the June 2026 DOT final rule, flag any disparate-impact-referencing language in the existing service standards/policies section for VCTC's consideration.

### Deliverable: Draft Title VI Program Document with Subrecipient Compliance Tracking Matrix

## 4 Technical Approach

### Task 5: Fare and Major Service Change Equity Analysis (Optional Task)

Priced separately as a not-to-exceed optional task outside the base fee, this task will be performed only if authorized by VCTC during the contract period, consistent with VCTC's confirmation that no qualifying service change requiring Task 5 has occurred in the past three years, though a fare change is anticipated during the upcoming cycle. If authorized, TMD will apply the equity analysis methodology consistent with FTA Circular 4702.1B, scoped to the specific fare or service change VCTC identifies at that time.

**Deliverable (if authorized):** Fare/Service Equity Analysis

### Task 6: Community & Stakeholder Engagement Support

TMD will support up to two outreach meetings, conducted in person, along with online engagement components and a public comment response matrix. TMD will develop outreach materials, including a project fact sheet and online survey, tailored to reach both the general public and VCTC's subrecipient network, recognizing that many subrecipients serve as direct points of contact with transit-dependent populations. Outreach materials will be coordinated with the updated PPP under Task 3 to ensure consistent messaging and appropriate targeting of LEP and traditionally underserved populations. Consistent with VCTC's confirmation, translation and interpretation services at these events remain a VCTC responsibility and are excluded from TMD's scope and budget.

**Deliverable:** Outreach Summary & Comment Response Matrix

### Task 7: Final Submission & FTA Coordination

TMD will prepare the Board adoption package and present the Draft Title VI Program Update at the April 2, 2027 Commission meeting. Following any Commission input, TMD will finalize the document for submission to FTA by the May 10, 2027 deadline and will compile a final records package documenting all supporting analyses, outreach records, and subrecipient monitoring documentation for VCTC's files. TMD will support one round of FTA comment response.

**Deliverable:** Final Title VI Program Update, Board Adoption Package, FTA Submission Package

# Project Management Approach

## Team Organization and Structure

TMD has structured its project team to provide VCTC with a single, consistent point of contact while ensuring the technical depth needed to complete a thorough, compliant Title VI Program Update within the project's timeline.

**Daniel Peña** will serve as Project Manager and the direct liaison to VCTC staff throughout the project, responsible for day-to-day communication and schedule management. **China Langer** will serve as Project Principal, providing senior-level oversight of the project's technical approach and leading quality control review of all draft and final deliverables to ensure they meet TMD's and VCTC's standards. Supporting the Project Manager, TMD's technical support team, which includes **Ankit Singh** (GIS mapping and demographic analysis), **Christine Trieu** (document and graphic production), and **Gary Hewitt** (technical advisory support).

This structure keeps a single point of accountability with VCTC while pairing that oversight with the technical resources needed to deliver a complete, FTA-compliant Title VI Program Update on schedule. The organization chart below illustrates these reporting relationships and lines of communication.

**FIGURE 8: PROPOSED PROJECT ORGANIZATION CHART**

### Quality Assurance

TMD's business practice is grounded in our confidence and consistency in delivering results that exceed client expectations. To accomplish this on every project takes a considerable effort in quality assurance. For this project, TMD utilizes a multi-level process that starts with task-level Quality Assurance by the Task Lead, then TMD Project Manager, then with final Quality Assurance by TMD's Project Principal. Key elements will include:

- Initial project delivery discussion with VCTC's Project Manager that identifies key quality control points, goals and objectives, and stresses quality achievement requirements.
- Following the applicable procedures and processes for specific tasks (e.g., GIS mapping, data analysis, or report writing) that follow industry best practices.
- Review of all working documents and technical deliverables by the Task Lead, PM, and final QA by the Project Principal.
- Communication with VCTC's Project Manager to review the work and ensure full achievement of project objectives.

### Project Schedule and Budget Control

The TMD Project Manager and Task Leads will review the project schedule at least weekly to ensure that all milestones are on track to be completed on time and within budget. As the project progresses, this review will allow updating, tracking of progress, and early intervention if and when problems are identified.

Monthly reporting will update task work progress, budget and schedule status, and identify any issues needing attention. However, TMD will maintain as-needed contact with VCTC's project management to provide updates on task work, discuss any concerns, and identify any action items for follow-up.

### Communication & Reporting

To ensure that VCTC is fully apprised of the status of all task work at any given time, we propose the following reporting protocols for this contract:

- Communication will include frequent, informal reviews of work in progress with project staff where appropriate—biweekly client phone check-ins are a standard operating procedure at TMD. In addition, any member of TMD's team can be available for direct communication as needed. TMD will stay in regular contact with VCTC project staff, especially as issues and questions arise. The TMD team goals are “no surprises” and to “exceed expectations” for VCTC on each project task.
- Biweekly check-ins are proposed with the VCTC Project Manager and key staff to update progress and discuss any concerns for follow-up.
- Monthly reporting will update task work progress, budget and schedule status, and identify any outstanding issues needing attention. TMD's controller, Melody Kitchens, will provide key administrative support for this contract and work closely with the Project Manager and VCTC to ensure all billing and contractual requests are addressed promptly.

To seamlessly communicate, transfer files, and review as well as collaborate on project/task deliverables, TMD often utilizes Microsoft Teams as a project management system. TMD can set up a “Team” site that can be used for the duration of the contract.
