Grants:

ACTIVE NOTICES OF FUNDING OPPORTUNITIES (NOFOS)

FY26 Wildlife Crossings Pilot Program

The purpose of this federal program is to fund projects seeking to improve the safety of the traveling public by reducing the number of wildlife-vehicle collisions (WVC) and, in doing so, improve habitat connectivity for terrestrial and aquatic species. Eligible applicants include county governments, city or township governments, state governments, federally recognized Native American tribal governments, and special district governments. The grant application deadline is November 16, 2026. More information on this program is below:

- Approximately $80 mil in funding is available.
- There is no minimum or maximum award.
- Unclear at this time when award announcement is anticipated to occur.

2026 Local Partnership Competitive Program

The purpose of this state program is to provide funding for projects to improve aging infrastructure, road conditions, active transportation, transit and rail, and health and safety. Eligible applicants include a local or regional transportation agency:

- That has sought and received voter approval of taxes, tolls, or fees which taxes, tolls, or fees are dedicated solely to transportation improvements and that agency administers those taxes, tolls, or fees; or
- That imposes fees, including uniform developer fees as defined by subdivision (b) of Section 8879.67 of the Government Code, which fees are dedicated solely to transportation improvements.

The grant application deadline is November 18, 2026. More information on this program is below:

- Approximately $152 mil in funding is available.
- The maximum award is $25 million. There is no minimum award.
- Award announcement is anticipated to occur in June 2027.

2026 Solutions for Congested Corridors Program

The purpose of this state program is to provide funding to achieve a balanced set of transportation, environmental, and community access improvements to reduce congestion throughout the state. Eligible applicants include regional transportation planning agencies, county transportation commissions and Caltrans. VCTC and Caltrans D7 considered submitting a partnership application for Phase 1 of the US-101 HOV/Express Bus Lanes project, however, as mentioned in previous reports VCTC ultimately decided not to pursue funding this Cycle. Note, the deadline to submit a partnership application with Caltrans has passed, however, eligible agencies can still submit applications independently. The grant application deadline is November 19, 2026. More information on this program is below:

- Approximately $500 mil in funding is available.

- There is no maximum or minimum award.
- Award announcement is anticipated to occur in June 2027.

2026 Trade Corridor Enhancement Program

The purpose of this state program is to provide funding for infrastructure improvements on federally designated Trade Corridors of National and Regional Significance, on California's portion of the National Highway Freight Network, as identified in California Freight Mobility Plan, and along other corridors that have a high volume of freight movement. Eligible applicants include public entities, such as cities, counties, metropolitan planning organizations, regional transportation planning agencies, port authorities, public construction authorities, and Caltrans. The City of Camarillo and Caltrans D7 considered submitting a partnership application for the Bridge Replacement at Las Posas Road and Ventura Boulevard project, however, it was decided that this project is a better fit for bridge focused grant programs. Note, the deadline to submit a partnership application with Caltrans has passed, however, eligible agencies can still submit applications independently. The grant application deadline is November 20, 2026. More information on this program is below:

- Approximately $1.3 bil in funding is available.
- There is no maximum or minimum award.
- Award announcement is anticipated to occur in June 2027.

UPCOMING NOFOS

FY 2022 – 2026 Advanced Digital Construction Management Systems (ADCMS) Grant Program

This federal program is intended to promote, implement, deploy, demonstrate, showcase, support, and document the application of ADCMS, practices, performance, and benefits. The Federal Highway Administration (FHWA) is currently reviewing this NOFO. Any re-opening or re-posting of this opportunity will be announced on Grants.gov and will include any updates made as a result of this review as well as additional program information.

GRANT AWARDS

National Culvert Removal, Replacement, and Restoration (Culvert Aquatic Organism Passage) Grant Program

This federal program funds projects for the replacement, removal, and repair of culverts or weirs that meaningfully improve or restore fish passage for anadromous fish. Eligible applicants are States, units of local government, and Indian Tribes. The application deadline was July 16, 2026. FHWA anticipates announcing award selections under this NOFO the week of August 31, 2026. At time of writing, an award announcement had not been made yet. Caltrans will share any updates on the award announcement for this program ASAP.

Active Transportation Program, Cycle 8

This state program funds projects that encourage the use of active modes of transportation, such as walking and biking. Eligible applicants include local, regional, or state agencies, including cities and counties. The grant application deadline was June 22, 2026. The California Transportation Commission intends to release the staff recommendations for the Statewide Component and the Small Urban and

Rural Component on November 2, 2026. Recommendations for the Metropolitan Planning Organization Component will be posted in June 2027.

Safe Streets for All (SS4A) Grant Program

This federal program provides funding to support planning and demonstration activities, as well as projects and strategies to prevent death and serious injury on roads and streets for all users. Eligible applicants include city or township governments, school districts and public higher education institutions, federally recognized Tribes, county governments, and special district governments. The grant application deadline was May 26, 2026. Awards will be announced "no later than 270 days after issuing the NOFO", which was on 3/27/26 (unclear whether "days" refers to business days).

FY27-28 Sustainable Transportation Planning Grants (STPG) Program

This state program funds:

- **Sustainable Communities Grants** to encourage local and regional planning that supports state goals, implements Regional Transportation Plan Sustainable Communities Strategies (RTP/SCS), and achieves the State's greenhouse gas reduction targets.
- **Strategic Partnerships Grants** to identify and address statewide, interregional, or regional transportation deficiencies on the State Highway System in partnership with Caltrans.

Eligible applicants depend on grant type. The grant application deadline was October 9, 2026. Award announcement is anticipated to occur around Spring 2027.

FYs 24-26 of the Promoting Resilient Operations for Transformative, Efficient, and Cost-saving Transportation (PROTECT) Program

The purpose of this federal program is to provide funding to plan for and make surface transportation more resilient to current and future weather events, natural disasters, and changing conditions, such as severe storms, flooding, drought, wildfire, rockslides, sea level rise, extreme temperatures, and earthquakes. Eligible applicants are local governments, states, metropolitan planning organizations, federally recognized Tribes, public transportation agencies, and port authorities. The grant application deadline was October 9, 2026. Award announcement is anticipated to occur in the week of 12/7/26.

Cycle 13 of Local Highway Safety Improvement (HSIP) Program

The purpose of this state program is to achieve a significant reduction in traffic fatalities and serious injuries on all public roads, including non-State-owned public roads and roads on tribal lands. Eligible applicants are a "Local Public Agency" that assumes responsibility and accountability for the use and expenditure of federal-aid highway funds. In general, the applicant must be a city, a county, a Regional Transportation Planning Agency, a Metropolitan Planning Organization, or a tribal government federally recognized within the State of California. The grant application deadline was November 2, 2026. Award announcement is anticipated to occur around Spring 2027.
